Scope of Work

Exhibit “C”

Project No: 2019-CDBG-06

Owner: Camerino Reyes

Contact: (310) 612-7339

Site Address: 3958 E. Harvey

The Contractor is responsible to include in their bid any permits and requirements by the City of Fresno Building Department to insure all installations meet applicable codes. Installations performed will be in strict compliance with all Building, Plumbing, Mechanical, and Electrical Codes. Quality of the work performed and materials installed are to meet the standards of the industry. Repair/replacement of items will be guaranteed for at least one year. The Contractor is required to submit a construction schedule to Fresno EOC and Owner prior to the start of work.

Exterior

Health & Safety: Obtain Lead Consultation & Clearance@ Exterior \$

Home built pre-1978. Residence year built 1950. Refer to attached Lead Inspection Report. Fresno EOC will utilize subcontractor to perform Lead Consultation regarding safe work practices from the CDPH/RRP Certified Supervisor who performed the Lead Assessment. After completion of all work, the contractor will request a Lead Clearance Inspection by the Certified Lead Inspector/Assessor that performed the original Lead Assessment/ Consultation for the property. Fresno EOC will pay for the Clearance with CDBG grant monies and JSA will be responsible for consulting fee (\$300.00), and any re-inspections costs if the Clearance fails.

Remove and Re-Roof Existing@ Exterior \$

Remove all existing roofing (all layers) and dispose of. Provide and install new OSB sheathing as required; 15# felt, install Dormer vents per city standard, and 30 years Dimensional 3-tab roofing. Owner to select color. Include all roof metal, pipe jacks, flashings, or synthetic felt, etc. Replace / repair damaged wood including fascia and barge rafters. Prime and paint new trim to match existing color. Haul off all debris and leave area broom clean after work. Correct any sag or unevenness in rafters before roofing. Inspect for water leaks at valleys, ridge and roof jacks /vents for damage or mold to insulation and replace as required with required insulation.
