Michelle L. Tutunjian, Chief Operating Officer
Elisa Sgambellone, Senior Services Manager
Caroline Garcia, YouthBuild Program Manager
Julio Lopez, Recycling Program Manager
Daniel Palomera, Solar Program Manager
Alicia Garcia, Administrative & Operations Manager
Lee Xiong, CalCRG Specialist
Veronica Moreno, Lead Transitional Support Adviser

Corpsmembers: Benito Cortez

I. WELCOME AND CALL TO ORDER

James Hackett called the meeting to order at 12:05 p.m.

II. ROLL CALL

Roll call was called. The meeting was held via ZOOM.

III. APPROVAL OF MINUTES

The November 19, 2020 minutes were approved. M/S/C Hackett/Del Rincon.

IV. INTRODUCTION OF NEW MEMBERS

Shawn Riggins, LCC Director, introduced two new members to the Board, Ed Avila and Itzi Robles, Fresno EOC Commissioners.

V. PRESENTATION: Mattress Recycling Council (MRC)

Jennifer Duran, Central California Program Coordinator, provided an overview on mattress recycling. Jennifer stated that MRC operates programs in Connecticut and California. CalRecycle oversees operations in California. MRC was created in response to SB 254 in 2016. The goal of SB 254 is to increase recycling and reduce illegal dumping of mattresses. A recycling fee collected at the time consumers purchase a mattress or box spring funds the program. Jennifer stated that 95% of Californians live within 15 miles of a collection site and there are ten dedicated mattress recyclers in California that work with in MRC's network. In 2019, MRC recycled over 5 million mattresses, resulting in 168 million pounds of material being diverted from land fields. Over 75% of mattress materials are recyclable.

Jennifer stated that MRC is currently working with LCC on the upcoming Community Clean-up Day in Riverdale, at the Lenare Community Center on Saturday, February 20.

MRC collaborated with Central California Environmental Justice Network (CCEJN) and LCC on the Fresno YES! Community Clean Up Day, Saturday, February 27, at Hidalgo Elementary School in Fresno. MRC provided media support and Council Member Esparza's office provided a proclamation for this event. Social distancing is observed during these events.

MRC is also working with three other Corps on a pilot project, which includes mattress collection while on regular recycling routes, collecting data to pin point zip codes where mattresses are found and where MRC needs to concentrate efforts to mitigate illegal dumping. The City of Fresno is interested in collaborating with LCC on this project. The nine-month project is scheduled to begin March 1. LCC will be able to receive \$15 per unit collected thru this project.

Jennifer stated that LCC operates two mattress drop off sites, Friant Buyback Center and the LCC base. LCC is compensated \$2.25 per unit, in addition to receiving compensation for transporting mattresses to the recycling center, and providing labor at community events. LCC will also pick up mattresses at resident's home, charging a fee of \$25 per mattress, \$40 for mattress and box spring.

Another fee for service opportunity is thru AB 187. As of January 1, 2021, retailers are required to provide consumers free pick of an old mattress when a new one is purchased. MRC is compiling a list to help support retailers meet this obligation, LCC is on this list, and has been contacted from online retailers to enter into an MOU to provide collection services for customers living in Fresno and Madera counties.

Jennifer stated that MRC currently partners with eight out of the fourteen Corps in California and is working to partner with all fourteen.

VI. LCC UPDATES

a. Work Training Projects

A detailed list of work training projects was distributed at the meeting along with the Advisory Board agenda packet. Several projects were highlighted. Shawn Riggins provided a brief update on LCC's activities/events since the last Advisory Committee meeting, as follows:

- In December, 2020, LCC became part of the Training and Employment division within EOC, which includes LCC, Employment & Training, Valley Apprenticeship Connection (VAC) and Foster Grandparents. Jeff Davis is the Director of the Employment & Training Division. Jeff Davis explained that the division came about due to continued efforts to better partner with programs internally, share resources and increase services offered to youth that are jointly served.
- Shawn stated that in November LCC submitted the third phase of Prop 68 grant application for the development of the second story of the Paul McLain vocational building. Two Prop 68 grants have been awarded and are under contract, the third phase will finish the development of the second story. The RPF has been released for phase 1 and 2.

- In January LCC submitted the SB1 Active Transportation Program (ATP) grant application to the state, in partnership with the County of Fresno. The application proposes the clean up of leanders along Kearney Boulevard.
- In partnership with the West Fresno Family Resource Center, LCC also submitted a Fatherhood grant application to the County of Fresno.
- An update on the Fresno County Forestry Corps project was provided. This project is in partnership with the Fresno Regional Workforce Development Board (FRWDB) and Reedley College. In December 2020, LCC started implementation on the work phase portion of the project. Participants begin with four weeks at LCC (Phase 1) going thru an orientation, First Aid/CPR, OSHA 10 certifications, and physical activities, and then transition to Reedley College (Phase 2) for eight weeks in a classroom setting and S212 Chain Saw Certification. After completion of the 8-week session participants return to LCC for hands on project work training (Phase 3). In December project work began at Dunlap and Miramonte, completing the training for cohort 1 and 2. Cohort 3 training started this week.
- LCC has also received grant funding from FRWDB to provide similar training targeting residents of the Creek Fire.
- Elisa Sgambellone, LCC Assistant Director, stated individuals can now apply on-line for school and LCC, applications can be found on EOC's web site, LCC's page and that Mental Toughness Orientation (MTO) has been re-designed, due to COVID-19, and will be a three day process.
- Elisa also provided an update on the YouthBuild Charter School (YCSC), LCC's education partner. YCSC continues with distance learning, distribution of hot spots, to those students who need them, and Chromebooks continue. The decision for Trimester 3 on whether or not the school will continue with distance learning will take place at the upcoming YCSC board meeting at the end of February.
- Julio Lopez, Recycling Program Manager, provided an update on LCC's recycling program. Julio stated that the mattress recycling program is going well, in past three months 120 mattresses have been collected and delivered to the local recycler. There has been an increase in calls for e-waste and mattress pick ups. CRV collection at the Friant Buyback Center is averaging approximately 3-4 truckloads of material per month. LCC assisted MRC at the Madera County event at Miranets High School; this was a student led event, "Senor Legacy Experience".
- Daniel Palomera, Solar Program Manager, provided an update on the TCC Solar project. Daniel stated that 21 homes have received either solar and/or weatherization services. The application for solar and weatherization services available online on EOC's web site under the Energy Services page. Weatherization services continue to be suspended due to the pandemic. Currently four corpsmembers are receiving both solar and weatherization training, eight corpsmembers have completed the program, two obtained jobs in the solar industry an six in construction and other industries. The supervisor position has been filled.

Outreach efforts in the community continue, as well as LCC's monthly food distributions.

- Caroline Garcia, YouthBuild Program Manager, provided an update on the YouthBuild program. Caroline stated construction training continues. Self-Help Enterprises (SHE) continues to be LCC's construction partner, building homes for low-income families. Corpsmembers will be starting the NCCER certification training; this certification allows them to have a better chance of being placed in construction jobs. This certification is industrial recognized as well as the HBI PACT Home Builders Institute certification. Staff continues to attend the Bringing Broken Neighborhood Back to Life weekly meetings, looking forward to going back into the community and being part of the community block parties.
- Lee Xiong, Cal CRG Specialist, provided an update on the Cal CRG program. Lee stated the referral services have begun and is scheduling appointments with contractors for the students/corpsmembers. Cal CRG program provides services for mental health, substance abuse, LGBTQ, and legal services for corpsmembers and students in need.

The CalCRG program was included in The Adult Use of Marijuana Act (Proposition 64), which was approved by California voters on November 8, 2016. In accordance with the proposition, CalCRG awards grants to local health departments and qualified community-based nonprofit organizations to support job placement, mental health treatment, substance use disorder treatment, and legal services to address barriers to reentry, for communities disproportionately affected by past federal and state drug policies, also known as the War on Drugs (WoD).

b. Corpsmember/Student Update

- Veronica Moreno, Lead TSA, stated that over the years, LCC has established relationships with the Juvenile Justice Center, Juvenile, Adult Parole, and Probation. LCC corpsmember, Benito Cortez, is a fourth generation client that has come to LCC. Several other siblings enrolled in the program and obtained their high school diploma. Benito enrolled in the program in 2019. Benito disclosed that he had been in juvenile hall and that he was on parole. Because Benito was under juvenile supervision, he qualified for the reduced credit under AB 167-216 eligibility, where he can earn his high school diploma earning 110 credits versus the required 230. Benito co-enrolled in the YCSC and Reedley College's Natural Resources Class; he earned three college credits while working on his high school diploma, and received one of the highest grades in his class. Benito completed his diploma courses in November and enrolled at Fresno City College. Benito was selected to attend the National Conference of Young Leaders representing LCC's YouthBuild Program. Benito has been dedicated in changing his life; quit the streets and gangs. Due to his accomplishments, he has been honorably discharged from parole.
- Benito expressed his appreciation for the opportunities, and learning experience LCC has provided him. Benito is also receiving services through the Cal-CRG grant, working with the Public Defender's office.

VII. **OTHER BUSINESS**
Next meeting on May 20, 2021

VIII. **PUBLIC COMMENT**
None at this time

IX. **ADJOURNMENT**
The meeting was adjourned at 1:00 p.m.

Respectfully Submitted,
Shawn Riggins, LCC Director
Fresno EOC Local Conservation Corps

IV. NEW FATHERHOOD INITIATIVE
 Recommendation: Information only

The County of Fresno on behalf of the Department of Public Health is requested proposals from qualified vendors to provide implementation of a Fatherhood Initiative program in partnership with the Department's Perinatal Equity Initiative (PEI) and Babies First programs. Fatherhood involvement services includes; classes on reproductive life planning, parenting skills, and child development; case management support; and referrals to other supportive services in the community. The aim of the Fatherhood Initiative is to help improve Black maternal and infant health outcomes. Services will target expectant, new, and non-custodial fathers/partners of Black mothers in Fresno County and other fathers/partners referred by the Babies First program. The Local Conservation Corps program, in coordination with internal partnerships from Health Services, Women, Infant, and Children and Workforce Connection Young Adult Programs, will lead the administration to meet the service delivery.

V. WORK TRAINING PROJECTS

55.	Contract	Fresno EOC Transit Services -	Fire prevention/Weed Abatement Services COMPLETED APRIL 2021	1 Crew

VI. CORPSMEMBER DEVELOPMENT REPORT

Recommendation: Information only

Background: Corpsmembers are required to participate in continuing education options at the Local Corps as a condition of their enrollment. High school diploma classes are available through the YouthBuild Charter School of California and college classes are available on-site through credentialed instructors assigned by State Center Community College District. Although the classes are intended for our corpsmembers, they are open to the entire community. Life skills classes are available to YouthBuild Fresno students on a by-weekly basis and available to all corpsmembers during the school summer and winter break annually.

The LCC/YouthBuild Charter School Senate Council provides corpsmembers with the opportunity to participate fully in the development of additional services and programs members may deem important to their experience and growth at the Corps.

Activity:

The YouthBuild Charter School of California (YCSC) continues to provide the high school education component, Life Skills, and Leadership Development for LCC. Currently 84 students are enrolled.

- YouthBuild Charter High School Spring 2021 classes continue via distance learning. Chromebooks and hotspots have been issued to students who need them to attend class meetings and complete their classwork. Teachers meet with students daily and assignments are completed via Schoology.

- February 2021 - LCC's MTO was redesigned to accommodate applicants' needs. The five-day format was reduced to three and there will be two held each month to increase participant enrollments.
- February 19, 2021 - YCSC's acting Counselor held a meeting via Zoom with potential June 2021 graduates to review graduation requirements, important dates, Senior Portfolio, etc. Additional meetings will be held monthly through the end of the schoolyear to assist students with staying on track to finish and graduate.
- February 22, 23, 25, 25 2021 – Fifteen (15) Forestry Corpsmembers completed First Aid/CPR and OSHA 10 training.
- March 09 & 16, 2021 - YCSC kicked off Trimester 3 with its Academic Camp. Students heard about distance learning, YCSC teachers and LCC staff introductions, expectations, important dates, and upcoming events.
- March 15, 2021 - CalFire Forestry Corps participants began phase 2 of their three-phase program. Phase 2 consists of Integrated Fuels Management instruction in the classroom at Reedley College. While there, participants will also be able to put some of their newly acquired knowledge to use at the college's 800-acre forestry laboratory at YMCA Camp Sequoia Lake near Sequoia National Park. The cohort will return to the LCC May 26th to begin fire work experience in the field with LCC supervisors.
- April 2021 - EOC's Foster Grandparents program attended two YCSC Friday Zoom meetings to present Foster Grandparent pen pals. Students who wish to participate will correspond with Foster Grandparents program participants via written letters for support and encouragement that would normally occur in person but cannot due to current COVID-19 restrictions.
- April 2, 2021 – Five (5) Corpsmembers completed First Aid/CPR training.
- April 19, 2021 - A Zoom meeting was held for LCC corpsmembers, YCSC students, and staff to address the potential fallout of former Minneapolis police officer Derek Chauvin's trial verdict.
- May 14, 2021 - YCSC staff announced that this will be the last date to enroll new students for the current academic year. Any potential new students as well as continuing students will be able to register for the 2021 – 2022 schoolyear beginning May 17, and seniors will begin registration for the upcoming year May 20.
- State testing began in April for YCSC students and will continue through June. It is being done virtually with the assistance of YCSC's technology team.
- The 2019-2020 YouthBuild AmeriCorps Program is active, was awarded 35 reduced half time (RHT) slots, 2 half time (HT) slots, and 2 FT slots. Twenty two (22) members earned an education award, ten (10) members are currently serving.
- The 2020-2021 YouthBuild AmeriCorps Program is active, was awarded 31 reduced half time (RHT) slots, 2 half time (HT) slots, and 2 FT slots. Fifteen (15) members are currently enrolled, two are pending background checks.

- The AA/NA meetings have been suspended until further notice due to COVID-19.

COMMUNITY SERVICE EVENTS FEBRUARY 18, 2021 – MAY 19, 2021
