

DENTAL CARE

Helping your kids have healthy teeth

All Anthem Blue Cross Medi-Cal eligible individuals receive personalized case management and care coordination.

Did you know that healthy teeth can significantly improve your child's academic performance?
We can help!

OUR SERVICES INCLUDE:

Drive-through fluoride varnish events

We help prevent cavities by providing fluoride varnish application, Head Start screening, oral health education, and dental care-coordination.

Women, Infants & Children (WIC)

We partner with Fresno EOC Women, Infants & Children (WIC) sites to provide direct services including oral health education, care coordination, and fluoride varnish application at sites where families already are.

School-Based Sealant Program

We provide education, care coordination, completion of required Kindergarten Oral Health Assessment, application of fluoride varnish, and dental sealants on school campuses.

The School-Based Sealant Program provides children, who have a signed consent and proof of Medi-Cal insurance, the opportunity to receive dental sealants at school sites.
