 Alicia Garcia, Administrative & Operations Manager

I. WELCOME AND CALL TO ORDER

Shawn Riggins, LCC Director, called the meeting to order at 12:046 p.m.

II. ROLL CALL

Roll call was called.

III. CHAIRPERSON SELECTION

Item tabled to next Advisory Board Meeting on August 17, 2022

IV. APPROVAL OF MINUTES

The February 24, 2022 minutes were approved. M/S/C McAlister/Romero.

V. YOUTHBUILD CHARTER SCHOOL OF CALIFORNIA 2022 GRADUATION

Elisa Sgambellone, LCC Assistant Director provided an overview of the Charter School of California (YCSC). YCSC provides high school diploma courses at 18 sites, mostly in the Los Angeles area since 2008. It is accredited by the Western Association of Schools and Colleges, and serves individuals 18-29 years of age at the Fresno site. LCC's partnership with YCSC began in 2009, and the school must have a YouthBuild program on site, and able to accommodate program scheduling needs. YCSC at the Fresno site operates on a 50/50 model which means that students are in the classroom one week and in the field the opposite week. YCSC students also receive work experience credit for the time they spend in the field. YCSC students at the LCC have the opportunity to earn up to five credits per class per trimester as they work toward a high school diploma; making attendance extremely important. They are also eligible to receive counseling and wraparound services. YCSC's student body consists of corpsmembers and full time/classroom-based students, and the academic year consists of three trimesters with three Authentic Performance Tasks (APTs) each, for a total of nine per school year. Each APT has four competencies/skills that students must meet: 1. Effort, 2. Completeness, 3. Quality of Work, and 4. Attendance and Participation. Students earn a grade on their APT; grade determines the credits awarded for the subject. If an APT is incomplete students must repeat the class.

Since returning to in person instruction, classrooms look a little different. Desks have been modified with partitions for COVID safety, and students sanitize them when they come in and when they leave. Chromebooks are checked out at the start of the school day to complete assignments using Google Classroom and Schoology. As the students are now more familiar with technology such as Zoom and email, there is flexibility in case there is a need to return to distance learning. YCSC is also currently offering a STEMfolio (Science Technology and Math) pilot class where selected students have the opportunity to participate in hands-on projects with the assistance of the school's science and construction teachers.

At YCSC, each trimester has a Community Action Project (CAP) activity. This trimester, due to continued COVID-19 concerns, YCSC students offered the CAP activity to the LCC Community. The project focused on the Cinco de Mayo celebration and the significance of Cinco de Mayo in Mexico. There was a poster making contest, music, dancing and authentic food. At the conclusion of the project students returned to the classroom to reflect on what they had learned. All YCSC students and staff, LCC corpsmembers, as well as other EOC programs participated. The Class of 2022 will be celebrated at John's Incredible Pizza, Thursday, June 14th at 11:30 a.m. The first post-COVID graduation ceremony as a group will be held at EOC's Sanctuary Theater on Friday, June 24, 2022 at 1:00 p.m. Since 2009 more than 400 students have earned their high school diploma at YCSC's Fresno site.

The YCSC enrollment application is available on the LCC's webpage and is currently being accepted for the fall semester that will begin on August 8, 2022, and recruitment is always ongoing.

VI. COSPRMEMBER AND STAFF WAGES

Shawn Riggins, LCC Director, stated that the nation-wide labor shortage has had a drastic impact on businesses and non-profits, all competing for entry level positions. Many local and national chain businesses routinely advertise starting pay around \$16 per hour (or higher). In California, many local corps programs are experiencing recruitment issues. LCC has also been affected by this shortage.

Beginning June 6, 2022, LCC has adjusted the current starting pay for LCC corpsmembers (increase from \$15 to \$16 per hour) and LCC entry-level supervisors and program assistants (\$17 per hour to \$18 per hour). For other LCC staff outside of supervisors and program assistants, the EOC Human Resources Department is currently reviewing the agency's salary structure.

Due to the recruitment challenge a social media campaign has been implemented and LCC is advertising the program is hiring starting at \$16/hour. LCC staff is actively recruiting at community events, as well as by word-of-mouth. In the past few months there has been an increase of applicants compared to the first part of the year.

VII. LCC UPDATES

a. Work Training Projects

A detailed list of work training projects was distributed at the meeting with the Advisory Board agenda packet. Several projects were highlighted. Shawn Riggins provided a brief update on LCC's activities/events since the last Advisory Committee meeting, as follows:

- Riggins provided an update on Prop 68-Development of the second floor of the Paul McLain-Lugowski Vocational Building. The second floor is finally coming together, work has been in progress on the 5,000 square feet space, and the last piece to complete the work is the installation of the elevator. The elevator is scheduled for delivery by the end of June and will

be installed by the end of August. LCC will be planning a celebration and grand opening in September; there are three classrooms, one conference room and office space.

Riggins also provided an update on the Fatherhood program. LCC received funding from the County of Fresno; executed contract was received last December and is now fully staffed. The first Fatherhood class started in early June. This program will be ongoing for the next three to four years. The Fatherhood program is widely recognized with fathers here in the city. The Fatherhood program is funded by two funding sources. Perinatal Equity Initiative (PEI) to serves partners of African American women, and Babies First Initiative serves any father as long as the mother receiving services thru Babies First.

- Jay Fitzpatrick, Solar Manager, provided an update on the solar program. Fitzpatrick stated that he has been working in the solar industry for over fifteen years and just started at LCC and will be hiring a solar installer very soon. Just completed first solar install and passed inspection on the first time. Fitzpatrick shared that he is excited to be part of LCC's team.
- Julio Lopez, Recycling Program Manager, provided an update on LCC's recycling program. During the pandemic, Lopez stated the recycling program was considered essential, and staff and corpsmembers continued working. At the beginning of the pandemic a lot of requests for the e-waste pick up started coming in. CRV numbers as businesses have opened, have increased. Corpsmembers enrolled in the recycling program receive training in oil signage education, CRV collection, e-waste, waste tires, and mattress recycling. The recycling program recently participated in the City of Sanger Spring Clean-up event recycling mattresses; filled up three 50-foot trailers. In addition, a crew is assigned to the Rice Road Recycler site on Friant Road and loads mattresses that are on the ground, onto a trailer.
- Caroline Taito, YouthBuild Program Manager, provided an update on the YouthBuild Program. The crew is currently at the housing site in Reedley working with Self Help Enterprises building homes. Two students from the sterile processing program will be placed at Valley Children's Hospital for a 400-hour paid internship. Upon completion of their internship they will be able to take the state test and receive their certification which is globally recognized. LCC recently received another three years of funding from YouthBuild USA for YouthBuild AmeriCorps education awards. This funding is for education awards and some staff support. The educations awards help corpsmembers pay for their post-secondary education, including any pending student loans. Corpsmember have up to seven years to access/use these awards. Continues to enroll new students and is preparing for two site visits from funders.
- Riggins provided an update on the Central Valley Forestry Corps. Participants just returned from Reedley College for their 8-week work experience portion. This project consists of four weeks introduction to forestry, and certifications at LCC, eight weeks Fuels Management at Reedley College and four weeks paid work experience at LCC for a total of 20 weeks. Most of this cohort started getting hired by CalFire right out of Reedley College, with only two or three returning to LCC for the work experience portion.
- Riggins provided an update on the US Department of the Interior Bureau of Reclamation (BREC) project. A lot of trail work has been done at the San Joaquin River Gorge and Millerton Lake as well.

b. Corpsmember/Student Development

Nathius Mendoza, YCSC student and corpmember shared his journey towards earning his high school diploma. Nathius and his family are excited that he will be graduating this month as a member of the class of 2022. He shared his journey to graduation, which was at times very difficult. Nathius related some of his experiences and struggles at the schools he attended. He explained how he did not feel supported by his teachers and was not receiving credit for work turned in. Conversely, at YCSC, it was very easy for Nathius to earn his credits, get along with teachers and all the staff at both YCSC and the LCC. He also mentioned that he was able to talk to his Transitional Support Advisor when he encountered issues, and received assistance, guidance, and support which enabled him to focus on his goal of high school graduation - a big deal in his family since he will be the first to graduate.

VIII. PROGRAM ANNOUNCEMENTS

Social Media Campaign and Recruitment

- Riggins distributed LCC recruitment flyers and shared LCC's social media accounts.

IX. OTHER BUSINESS

Next meeting is scheduled for Wednesday, November 16, 2022

X. PUBLIC COMMENTS

None heard

XI. ADJOURNMENT

Meeting was adjourned at 1:05 p.m.

Respectfully Submitted,
Shawn Riggins, LCC Director
Fresno EOC Local Conservation Corps

LOCAL CONSERVATION CORPS ADVISORY BOARD

Date: August 17, 2022	Program: Local Conservation Corps
Agenda Item #: V	Director: Shawn Riggins
Subject: Sterile Processing Tech Certification	Officer: Michelle L. Tutunjian

Background

The information presented below is intended to keep the Advisory Board apprised on the LCC/ YouthBuild Fresno Sterile Processing Healthcare component of the YouthBuild Department of Labor grant.

In 2019-2023, Fresno EOC Local Conservation Corps (LCC) YouthBuild Fresno was awarded the Department of Labor (DOL) grant that funds Construction and Sterile Processing Tech Certifications and hands-on training in the amount of \$1.5 million dollars.

Through the DOL Employment and Training Administration grant, LCC partnered with Amber Aquino, Sterile Processing Tech Instructor and Valley Children’s Hospital. Young adults, ages 18-24, enrolled in YouthBuild Fresno and interested in a career in the medical field can participate in a 12-week Sterile Processing Tech (SPT) class, and may be placed in a hands-on 400-hour paid internship at Valley Children’s Hospital. Corpsmembers completing the 12-week SPT course and receiving hands-on training will be prepared to take the state test for the Sterile Processing Tech Certification which is internationally recognized.

B. Corpsmember Development Report

Recommendation: Information only

Background: Corpsmembers are required to participate in continuing education at the Local Corps as a condition of their enrollment. High school diploma classes are available through the

YouthBuild Charter School of California and college classes are available on-site through credentialed instructors assigned by State Center Community College District. Although the classes are intended for our corpsmembers, they are open to the entire community. Life skills classes are available to YouthBuild Fresno students on a by-weekly basis and available to all corpsmembers during the school summer and winter break annually.

The LCC/YouthBuild Charter School Senate Council provides corpsmembers with the opportunity to participate fully in the development of additional services and programs members may deem important to their experience and growth at the Corps.

Activity:

The YouthBuild Charter School of California (YCSC) continues to provide the high school education component, Life Skills, and Leadership Development for LCC. Currently accepting applications and enrolling for the 2022 – 2023 academic year.

- July 11, 2022 - The YouthBuild/DOL Sterile Processing Tech paid internship began. Two Corpsmembers were placed at Valley Children's Hospital to begin their 400-hour internship.
- June 13, 2022 - Cohort 5 of the Central Valley Forestry Corps began Phase 3 of the field experience portion of their paid training. Participants traveled to Camp Sequoia Lake or the surrounding foothills to reduce potential fire fuel sources until early August.
- June 16, 2022 - Fresno EOC and YouthBuild Charter School of California corpsmembers, students, and staff attended an annual LCC end-of-year tradition, a celebration at John's Incredible Pizza. Everyone who attended was able to beat the heat, partake in the all-you-can-eat buffet with desserts, and enjoy the games and rides.
- June 24, 2022 - YouthBuild Charter School of California (YCSC) held its first in-person graduation with the entire Class of 2022 since 2019 at Fresno EOC's Sanctuary Theater. 17 graduates walked the stage and turned their tassels. The ceremony was made personal with speeches by YCSC teachers and students. After the ceremony, one of the grads, Shyanne Seyler, learned that she was selected as a 2022 Education is Forever Scholarship recipient. The \$1,000 award will go towards her post-secondary journey at Fresno City College which is set to begin this fall.
- July 05, 2022 - Summer Education at the LCC kicked off for corpsmembers. Topics this summer include health education in cooperation with EOC's Health Services, FA/CPR certification, forklift training, and career readiness with Fresno EOC's Workforce Connection Young Adult Program. Summer Ed is an annual occurrence in the month that allows corpsmembers to continue and expand their education during Summer Break.
- The 2020 - 2021 YouthBuild AmeriCorps Program was awarded 35 slots, 31 reduced half time, two (2) half time, and two (2) FT slots. Three (3) members are currently enrolled, 21 members earned an award, 11 did not complete. Enrollment is closed.
- The 2021-2022 YouthBuild AmeriCorps Program was awarded 35 slots, 31 reduced half time, two (2) half time and, and two (2) FT slots. Twenty-nine (29) members are currently enrolled in a 675-hour education award slot, two (2) are enrolled in a 900-hour education award slot. Two (2) 675-hour slots and two (2) 1700-hours slots are available.
- AA/NA meetings continue on suspension until further notice due to COVID-19.

C. Community Service Events June 16 – August 16, 2022

DATE:	EVENT	HOW MANY ATTENDED
6/16/22	Mattress Council-Rice Road Transfer Station/Mattress Recycling Services	1 Staff 5 Corpsmembers
6/17/22	Save Mart Center "Latin Legends: WAR 50th Year Anniversary Concert"/Recycling Services	1 Staff 6 Corpsmembers
6/22/22	Central Star Teammates Wraparound "Family Resource Fair & Family Fun Day/Recruitment Booth	2 Staff
6/22/22	Bringing Broken Neighborhoods Back to Life "Good Times are Back Community Block Party – Frank H. Ball Park" - Corpsmembers assist vendors with the organization of booths, carrying boxes of booth materials and tables. During the event, corpsmembers survey the area picking up trash and ensuring that appropriate containers are recycled. Corpsmembers serve free snow-cones, popcorn, helping with food distributions, clothing drives and/or distributions, face painting, etc. Clean up at the end of each event.	1 Staff 4 Corpsmembers
6/23/22	Mattress Council-Rice Road Transfer Station/Mattress Recycling Services	1 Staff 4 Corpsmembers
6/29/22	Bringing Broken Neighborhoods Back to Life "Good Times are Back Community Block Party – Frank H. Ball Park" - Corpsmembers assist vendors with the organization of booths, carrying boxes of booth materials and tables. During the event, corpsmembers survey the area picking up trash and ensuring that appropriate containers are recycled.
