Submitted by Commissioner Jimi Rodgers, SOUL Governing Council Secretary
Recommended Action

Staff recommends Governing Council approval of the 2022-23 Independent Study Board Policy and Independent Study Policies and Procedures.

Background

Independent Study Board Policy was initially approved by the Governing Council, and then submitted for review and approval whenever recommended changes are made by the California School Boards Association. SOUL’s Independent Study Program was initially established in 1998 at which time the SOUL Independent Study Board Policy was reviewed and submitted for approval. SOUL’s Independent Study Board Policy and Independent Study Policies and Procedures were last approved by the SOUL Governing Council and the Fresno EOC Board of Commissioners in 2021. Since then, on an annual basis, SOUL’s administrative regulations are reviewed and submitted for approval annually.

Fiscal Impact

None

Conclusion

The SOUL’s updated Independent Board policy and SOUL Independent Policies and Procedures reflect recent changes by the California Department of Education.
School of Unlimited Learning (the “Charter School”) may offer independent study to meet the short- or long-term educational needs of pupils enrolled in the Charter School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the School of Unlimited Learning Board of Directors for implementation at Charter School:

1. For pupils in all grade levels and programs offered by the Charter School, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be five (5) school days.

2. The Chief Executive Officer or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
   a. When any pupil fails to complete two (2) assignments during any period of five (5) school days.
   b. In the event a student’s educational progress falls below satisfactory levels as determined by ALL of the following indicators:
      i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
      ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
      iii. Learning required concepts, as determined by the supervising teacher.
      iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

   A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.
4. The Charter School has adopted tiered reengagement strategies* for the following pupils:
   a. All pupils who are not generating attendance for more than 10 percent of required minimum instructional time over four continuous weeks of the Charter School’s approved instructional calendar;
   b. Pupils found not participatory in synchronous instructional offerings pursuant to Education Code Section 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span; or
   c. Pupils who are in violation of the written agreement pursuant to Education Code Section 51747(g).

These procedures shall include local programs intended to address chronic absenteeism, as applicable, with at least all of the following:
   a. Verification of current contact information for each enrolled pupil.
   b. Notification to parents or guardians of lack of participation within one (1) school day of the recording of a nonattendance day or lack of participation.
   c. A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.
   d. A clear standard for requiring a pupil-parent-educator conference to review a pupil’s written agreement, and reconsider the independent study program’s impact on the pupil’s achievement and well-being, consistent with the policies adopted pursuant to paragraph (4) of subdivision (g) of Education Code Section 51747.

5. The following plan shall be in place in accordance with Education Code Section 51747(e) for synchronous instruction and live interaction*:
   a. For pupils in grades 9-12, inclusive, the plan to provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year by each pupil’s teacher or teachers of record shall be as follows: Students must attend (instructional meetings) with their teacher at least once a week for a minimum of one hour per week. Teachers will set appointment times with students.

6. The following plan* shall be utilized to transition pupils whose families wish to return to another program or school expeditiously, and, in no case, later than five instructional days: If a parent, or adult student, wishes to transfer from the School of Unlimited Learning Independent Study program at any time, they may request a withdrawal slip and transcripts which will be available within five (5) instructional days.

* The tiered reengagement strategies, plan for synchronous instruction and live interaction, and plan to transition pupils whose families wish to return to in-person instruction shall not apply to pupils who participate in an independent study program for fewer than 15 schooldays in a school year and pupils enrolled in a comprehensive school for classroom-based instruction who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or inpatient treatment for mental health care or substance abuse. Local educational agencies shall obtain evidence from appropriately licensed professionals of the need for pupils to participate in independent study pursuant to this subdivision. These sections shall not apply to independent study offered due to school closure or material decrease in attendance for 15 school days or less for affected pupils under one or more of the circumstances described in Education Code Sections 41422 and/or 46392, and 46393 for which the Charter School files an affidavit seeking an allowance of attendance.
due to emergency conditions.

7. A current written agreement shall be maintained on file for each independent study pupil, including but not limited to, all of the following:

a. The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.

b. The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.

c. The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.

d. A statement of the policies adopted pursuant to subdivisions (a) and (b) of Education Code Section 51747 regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.

e. The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.

f. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.

g. A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

h. The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.

i. For a pupil participating in an independent study program that is scheduled for more than 14 school days, each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil’s parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and the certificated employee designated as having responsibility for the special education programming of the pupil, as applicable. Beginning in the 2022–23 school year, for a pupil participating in an independent study program that is scheduled for less than 15 school days, each written agreement shall be signed within 10 school days of the commencement of the first day of the pupil's enrollment in independent study, by the pupil, the pupil’s parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and the certificated employee designated as
having responsibility for the special education programming of the pupil, as applicable. For purposes of this paragraph “caregiver” means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.

- Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education, that may be a marking that is either computer generated or produced by electronic means and is intended by the signatory to have the same effect as a handwritten signature. The use of an electronic signature shall have the same force and effect as the use of a manual signature if the requirements for digital signatures and their acceptable technology, as provided in Section 16.5 of the Government Code and in Chapter 10 (commencing with Section 22000) of Division 7 of the California Code of Regulations, are satisfied.

9. The Chief Executive Officer may establish regulations to implement these policies in accordance with the law.

The School of Unlimited Learning Independent Study education component offers a unique opportunity for students to work “independent” of regular daily classroom attendance and without the requirement of meeting with their instructor on a daily basis. Typically, the ideal student for this type of program is one who does not need ongoing classroom structure and curriculum lecture, works well on his/her own, and needs little academic or programmatic structure in order to move forward academically. Other situations requiring placement in this component may be a necessity to work during the school day, or unavoidable childcare issues. Prior to being enrolled in Independent Study, all students will be given a placement test in reading and math. It is our educational approach and philosophy that, short of these skills or personal demands, a school-age student is best suited for a classroom or a more traditional educational setting.

Independent Study requires students to meet with a SOUL instructor on an (agreed upon) weekly basis to receive assignments which coincide with the student’s overall academic-credit needs detailed in his/her Master Agreement. No Independent Study agreement is valid for longer than one school year. Academic credit assignment and ADA tabulations for the student are based solely upon the teacher’s assessment of the student’s independently completed work. During each scheduled appointment the student will be given weekly course material that, when completed, will be graded and assigned credit toward graduation. Students are required to attend all scheduled appointments with their instructor and to participate in all standardized testing as required by the state, the district, or the school. Students will earn 1 credit towards graduation for every 20 hours of work assigned, with a maximum of 40 core academic credits per semester. Students are expected to attend regularly and maintain satisfactory progress on work completed in order to remain in this program. The students are required to attend instructional meetings with their teacher at least once a week for a minimum of one hour per week. The maximum length of time allowed between the assignment and the date the assignment is due is one week. Students failing to appear for two scheduled appointments or missing two assignments will be re-evaluated regarding their academic placement in this component.
INDEPENDENT STUDY: RULES, REGULATIONS & POLICIES

Discipline Rules and Regulations
Rules and regulations are established to maintain an atmosphere conducive to learning. Students who fail to comply with these rules and regulations will be counseled, reprimanded, suspended, expelled, or involuntarily removed from the Charter School. Each disciplinary action will be handled on a case-by-case basis.

All students will comply with the regulations, pursue the required course of study, and respect the authority of the teachers, administration and support staff of the educational site.

Attendance and participation at certain extracurricular activities are considered a part of the educational program. All rules of student conduct and dress code apply to extracurricular activities.

Attendance
Students must attend (instructional meetings) with their teacher at least once a week for a minimum of one hour per week. Teachers will set appointment times with students. Further, students must provide documentation from their parent/guardian verifying their daily completion of independent study assignments. In compliance with SOUL’s Independent Study policies for grades 9 through 12, the maximum length of time allowed between the assignment and the date the assignment is due is one week.

Excused absences are not recognized in Independent study. If for any reason the student cannot keep the appointed time, the student’s parent/guardian must contact the teacher, explain the reason for the missed appointment, and reschedule the appointment to make-up for the missed time.

If a student is absent and the instructional time is not rescheduled, the teacher will evaluate the students continued enrollment, and take corrective action, if needed, in the following manner:

- Student fails to reschedule the meeting: Teacher contacts the student/parent. The meeting is rescheduled for the same week if possible.
- Student fails to attend the rescheduled meeting: Teacher puts the student on “Student Contract to address his/her attendance issues.” If this contract is broken by the student, then the student and his parent/guardian must meet for a conference with the teacher to discuss whether the student should remain in the independent study program.
- Students who miss two appointed instructional meetings anytime during the semester will be subject to a determination whether independent study is in their best interest.
Recommended Action

Staff recommends Governing Council approval of the proposed 2022-23 Parent Involvement Policy.

Background

As a requirement for Title I funding, each year SOUL updates its Annual Parent Involvement Policy, which stipulates times, dates, and agendas for parent meetings throughout the year. Attached is the 2022-23 SOUL Parent Involvement Policy, which outlines SOUL’s proposed parent meeting schedule for the current school year.

In accordance with Federal Title 1 requirements, and the new criteria for the Local Control and Accountability Plan, SOUL’s written parent involvement policy describes how SOUL involves parents to improve student academic achievement and school performance. The Parent Involvement Policy includes a variety of ways that parents can become actively involved in their child’s educational experience at SOUL.

Fiscal Impact

None

Conclusion

The Parent Involvement Policy is designed to help build the school’s and parents’ capacity for increased parent involvement and shared decision-making.
In accordance with Federal Title 1 requirements, and the new criteria for the Local Control and Accountability Plan, the School of Unlimited Learning has developed a written parent involvement policy, which describes how SOUL involves parents to improve student academic achievement and school performance. The Parent Involvement Policy includes a variety of ways that parents can become actively involved in their child’s educational experience at SOUL. The Parent Involvement Policy is designed to help build the school’s and parents’ capacity for increased parent involvement and shared decision-making.

Development of the 2020-2021 Parent Involvement Plan

In April 2022, all parents were contacted by SOUL staff to deliver a satisfaction survey, which included a question regarding preference of in-class or independent study classes. In addition to gathering information on these items, SOUL staff also conducted “wellness checks” on every family.

In May 2022, SOUL shared its instruction plan for the 2022-2023 school year with the Governing Council, Fresno EOC Board of Commissioners, school staff, students, and parents. SOUL staff also held three parent meetings, one of which was the English Learning Advisory Committee (in Spanish) to discuss the draft of SOUL’s Learning Continuity and Attendance Plan. Parent input from its stakeholders were addressed and incorporated into SOUL’s LCAP.

SCHOOL DESCRIPTION

The School of Unlimited Learning, or SOUL, is a public charter high school serving Fresno’s youth, grades 9 through 12. The private not-for-profit Fresno County Economic Opportunities Commission operates the school in partnership with the Fresno Unified School District. The Fresno County Economic Opportunities Commission is one of the nation’s leading community action agencies established to help individuals and families become self-sufficient. The Fresno Unified School District’s Board of Trustees approved the school’s charter petition on March 26, 1998. The Fresno County Economic Opportunities Commission established this multiple-site charter school to provide enhanced educational opportunities for students at risk of not completing high school. The State Board of Education approved the charter in July of 1998. SOUL’s latest charter was reauthorized in 2018 for an additional five years.
PARENT INVOLVEMENT GOALS

- Parents play a crucial role in the joint development of a plan for continuous school improvement.
- Positive working relationship exists between educators and parents.
- Close communication exists between school and home.
- Strong parent involvement is evident through attendance and participation at school-sponsored events.
- Parents are viewed as a vital component to the academic success of their students.

RIGHTS OF PARENTS

1. To expect that their child will spend time at school in a safe, wholesome stimulating atmosphere engaged in productive activity under the care and direction of a dedicated staff.
2. To be assured that school personnel will at no time preempt parental prerogative.
3. To be informed of district policy, school rules, and regulations.
4. To review their child’s record with a certificated staff member.
5. At the beginning of each academic year, schools receiving Title 1 funds must inform parents of their right to request information regarding the professional qualifications of their child’s teacher. Also, any school that has been identified for Program Improvement or Corrective Action must promptly notify parents regarding an explanation of the identification as well as other requirements specified in the Act.

RESPONSIBILITIES OF PARENTS

1. To maintain regular communication with SOUL teachers and support staff by participating in conferences with teachers, counselors, or administrators regarding the academic, attendance and behavioral status of their child.
2. To support their child by ensuring that he/she receives adequate sleep, nutrition, and appropriate clothing before coming to school.
3. To apply and maintain consistent and adequate restraints in regards to their child’s overall behavior and to approve of reasonable behavioral guidelines as applied by school personnel.
4. To cooperate with the school in bringing about improvements designed to enhance the educational program offered to students.
5. To provide the school with current information regarding legal address, phone, medical data, and other facts, which may help the school to serve their child.

PARENT INVOLVEMENT OPPORTUNITIES

SOUL Governing Council

Parent involvement is essential to the success of the School of Unlimited Learning. Parent and student representatives will be asked to participate in the School Site Governing Council.
SOUL Parent Meetings

Parent meetings will be held regularly throughout the year. The meeting time and date is determined by the parents completing a questionnaire when enrolling their child or at Back to School Night in September. The meetings focus on all school information pertinent to parents, including instruction, protocols for students and parents entering campus, school improvement efforts, mandated testing, school policies and procedures, etc.

English Learner Advisory Committee (ELAC)

Bilingual Advisory (ELAC) meetings are scheduled regularly throughout the school year. Due to the need to increase communication with all parents, ELAC Meetings are conducted in Spanish and provide non-English speaking parents an opportunity to be informed of all school updates and changes related to the COVID-19 pandemic LCAP/LCP, charter and WASC goals, as well as ELPAC, and Smarter Balanced and other assessments. Moreover, the committee meetings provide our non-English speaking parents of EL students a voice in school policies and decision-making, while at the same time delineates interventions and strategies that SOUL has implemented to help its English language learners become academically successful through increased English proficiency.

PARENT INVOLVEMENT AND SCHOOL IMPROVEMENT MEETING SCHEDULE

During the 2022/2023 school year, the School of Unlimited Learning will utilize a variety of communication modes to continue its school improvement efforts such as phone calls, emails, surveys, virtual group meetings and individual in-person meetings. As a major stakeholder, parent input is crucial to the continuous improvement efforts of our school. Throughout the year, there are frequent opportunities for regular parent participation. Regularly scheduled parent online meetings, school-wide assemblies, and student study teams are many of the ways that parents can participate regularly with the school. Attached is a list of tentative 2022/2023 parent meeting dates, which include SOUL’s English Learner Advisory Committee meetings.

Visitors
Due to the many challenges presented to us because of Covid-19, our protocols in regards to individuals visiting our campus have changed. In the interest of maintaining a healthy and safe environment, all visitors and students will participate in a self-screening process before entering our building. Anyone exhibiting or experiencing Covid-19 symptoms as outlined by the CDC or CDPH, will be asked to go home and self-quarantine for a prescribed amount of time. In order to promote a safe educational environment, the law (EC 32211) requires all visitors to then report to the front desk upon entering a school campus during regular school hours (8:00 am to 3:30 pm). All visitors are required to check in at the reception desk and receive a visitor badge. Your cooperation is appreciated in this matter as it will help the staff ensure student safety.

Notice of Implied Agreement
The registration of a student in the School of Unlimited Learning is deemed to be an agreement on his/her part and on the part of his/her parents or guardians to fully comply with all policies, rules, and regulations of the school as outlined in this handbook. Contact the principal if you have a question concerning a school policy, rule, or practice.

Handbook as Contract

HYBRID LEARNING

In the 2022-2023 school year SOUL will offer a hybrid program which includes classroom-based elective courses that can be taken in conjunction with their core independent study classes. The hybrid classes will focus on career development, special interests, intervention, social emotional learning and music with a hands-on approach.

INDEPENDENT STUDY

School of Unlimited Learning (the “Charter School”) may offer independent study to meet the short- or long-term educational needs of pupils enrolled in the Charter School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the School of Unlimited Learning Board of Directors for implementation at Charter School:

1. For pupils in all grade levels and programs offered by the Charter School, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be five (5) school days.

2. The Chief Executive Officer or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
   a. When any pupil fails to complete two (2) assignments during any period of five (5) school days.
   b. In the event a student’s educational progress falls below satisfactory levels as determined by ALL of the following indicators:
      i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
      ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
      iii. Learning required concepts, as determined by the supervising teacher.
      iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

   A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

4. The Charter School has adopted tiered reengagement strategies* for the following pupils:

25
a. All pupils who are not generating attendance for more than 10 percent of required minimum instructional time over four continuous weeks of the Charter School’s approved instructional calendar;
b. Pupils found not participatory in synchronous instructional offerings pursuant to Education Code Section 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span; or
c. Pupils who are in violation of the written agreement pursuant to Education Code Section 51747(g).

These procedures shall include local programs intended to address chronic absenteeism, as applicable, with at least all of the following:

a. Verification of current contact information for each enrolled pupil.
b. Notification to parents or guardians of lack of participation within one (1) school day of the recording of a nonattendance day or lack of participation.
c. A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.
d. A clear standard for requiring a pupil-parent-educator conference to review a pupil’s written agreement, and reconsider the independent study program’s impact on the pupil’s achievement and well-being, consistent with the policies adopted pursuant to paragraph (4) of subdivision (g) of Education Code Section 51747.

5. The following plan shall be in place in accordance with Education Code Section 51747(e) for synchronous instruction and live interaction*:

a. For pupils in grades 9-12, inclusive, the plan to provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year by each pupil’s teacher or teachers of record shall be as follows: Students must attend (instructional meetings) with their teacher at least once a week for a minimum of one hour per week. Teachers will set appointment times with students.

6. The following plan* shall be utilized to transition pupils whose families wish to return to another program or school expeditiously, and, in no case, later than five instructional days: If a parent, or adult student, wishes to transfer from the School of Unlimited Learning Independent Study program at any time, they may request a withdrawal slip and transcripts which will be available within five (5) instructional days.

* The tiered reengagement strategies, plan for synchronous instruction and live interaction, and plan to transition pupils whose families wish to return to in-person instruction shall not apply to pupils who participate in an independent study program for fewer than 15 school days in a school year and pupils enrolled in a comprehensive school for classroom-based instruction who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or inpatient treatment for mental health care or substance abuse. Local educational agencies shall obtain evidence from appropriately licensed professionals of the need for pupils to participate in independent study pursuant to this subdivision. These sections shall not apply to independent study offered due to school closure or material decrease in attendance for 15 school days or less for affected pupils under one or more of the circumstances described in Education Code Sections 41422 and/or 46392, and 46393 for which the Charter School files an affidavit seeking an allowance of attendance due to emergency conditions.

7. A current written agreement shall be maintained on file for each independent study pupil, including but not limited to, all of the following:

a. The manner, time, frequency, and place for submitting a pupil’s assignments, for reporting the pupil’s academic progress, and for communicating with a pupil’s parent or guardian regarding a pupil’s academic progress.
b. The objectives and methods of study for the pupil’s work, and the methods used to evaluate that work.
c. The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.

d. A statement of the policies adopted pursuant to subdivisions (a) and (b) of Education Code Section 51747 regarding the maximum length of time allowed between the assignment and the completion of a pupil’s assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.

e. The duration of the independent study agreement, including the beginning and ending dates for the pupil’s participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.

f. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.

g. A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil’s individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

h. The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.

i. For a pupil participating in an independent study program that is scheduled for more than 14 school days, each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil’s parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and the certificated employee designated as having responsibility for the special education programming of the pupil, as applicable. Beginning in the 2022–23 school year, for a pupil participating in an independent study program that is scheduled for less than 15 school days, each written agreement shall be signed within 10 school days of the commencement of the first day of the pupil’s enrollment in independent study, by the pupil, the pupil’s parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and the certificated employee designated as having responsibility for the special education programming of the pupil, as applicable. For purposes of this paragraph “caregiver” means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.

- Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education, that may be a marking that is either computer generated or produced by electronic means and is intended by the signatory to have the same effect as a handwritten signature. The use of an electronic signature shall have the same force and effect as the use of a manual signature if the requirements for digital signatures and their acceptable technology, as provided in Section 16.5 of the Government Code and in Chapter 10 (commencing with Section 22000) of Division 7 of Title 2 of the California Code of Regulations, are satisfied.

9. The Chief Executive Officer may establish regulations to implement these policies in accordance with the law.

The School of Unlimited Learning Independent Study education component offers a unique opportunity for students to work “independent” of regular daily classroom attendance and without the requirement of meeting with their instructor on a daily basis. Typically, the ideal student for this type of program is one who does not need ongoing classroom structure and curriculum lecture, works well on his/her own, and needs little academic or programmatic structure in order to move forward academically. Other situations requiring placement in this component may be a necessity to work during the school day, or unavoidable childcare issues. Prior to being enrolled in Independent Study, all students will be given a placement test in reading and math. It is our educational approach and philosophy that, short of these skills or personal demands, a school-age student is best suited for a classroom or a more traditional educational setting.

Independent Study requires students to meet with a SOUL instructor on an (agreed upon) weekly basis to receive assignments which coincide with the student’s overall academic-credit needs detailed in his/her Master Agreement. No Independent Study agreement is valid for longer than one school year. Academic credit assignment and ADA tabulations for the student are based solely upon the teacher’s assessment of the student’s independently completed work. During each scheduled appointment the student will be given weekly course material that, when completed, will be graded and assigned credit toward graduation. Students are required to attend all scheduled appointments with their instructor and to participate in all standardized testing as required by the state, the district, or the school. Students will earn 1 credit towards graduation for every 20 hours of work assigned, with a maximum of 40 core academic credits per semester. Students are expected to attend regularly and maintain satisfactory progress on work completed in order to remain in this program. The students are required to attend instructional meetings with their teacher at least once a week for a minimum of one hour per week. The maximum length of time allowed between the assignment and the date the assignment is due is one week. Students failing to appear for two scheduled appointments or missing two assignments will be re-evaluated regarding their academic placement in this component. The Independent Study component also offers a Certificate of Achievement education program. Some students will be placed on an educational tract, based upon their academic assessment, toward achievement of a Certificate of Achievement in lieu of a Diploma.

INDEPENDENT STUDY: RULES, REGULATIONS & POLICIES

Discipline Rules and Regulations
Rules and regulations are established to maintain an atmosphere conducive to learning. Students who fail to comply with these rules and regulations will be counseled, reprimanded, suspended, expelled, or involuntarily removed from the Charter School. Each disciplinary action will be handled on a case-by-case basis.

All students will comply with the regulations, pursue the required course of study, and respect the authority of the teachers, administration and support staff of the educational site.

Attendance and participation at certain extracurricular activities are considered a part of the educational program. All rules of student conduct and dress code apply to extracurricular activities.

Attendance
Students must attend (instructional meetings) with their teacher at least once a week for a minimum of one hour per week. Teachers will set appointment times with students. Further, students must provide documentation from their parent/guardian verifying their daily completion of independent study assignments. In compliance with SOUL’s Independent Study policies for grades 9 through 12, the maximum length of time allowed between the assignment and the date the assignment is due is one week. Excused absences are not recognized in Independent study. If for any reason the student cannot keep the appointed time, the student’s parent/guardian must contact the teacher, explain the reason for the missed appointment, and reschedule the appointment to make-up for the missed time.
If a student is absent and the instructional time is not rescheduled, the teacher will evaluate the students continued enrollment, and take corrective action, if needed, in the following manner:

- Student fails to reschedule the meeting: Teacher contacts the student/parent. The meeting is rescheduled for the same week if possible.
- Student fails to attend the rescheduled meeting: Teacher puts the student on “Student Contract to address his/her attendance issues.” If this contract is broken by the student, then the student and his parent/guardian must meet for a conference with the teacher to discuss whether the student should remain in the independent study program.
- Students who miss two appointed instructional meetings anytime during the semester will be subject to a determination whether independent study is in their best interest.

**Credits**

To complete graduation requirements in a timely manner, students are expected to complete 2 credits per week. To remain in independent study, students must complete a minimum of one credit of work per week. If the student needs extra help or a place to study, the student can come in for tutoring. This extra session does not replace the student’s regularly scheduled instructional time. Individual or group lab tutorial for math and English may be offered at various sites to assist students who are having difficulty with these subjects.

Independent study students must understand that their work is designed to be completed at home:

- Student gets the assignments from the teacher
- Student does the assignments at home or comes in for extra help if the assignment is too difficult. Important: The regularly assigned instructional meeting is not time to do assignments. Assignments are to be completed at home.
- Student returns at his/her appointed time. Teacher goes over the work with the student and tests the student on their completed work.
- Student receives new assignment(s).

**Failure to Meet Credit Requirement**

- First time student fails to meet the one-credit a week requirement: The teacher will contact the parent and discuss whether independent study is meeting the student’s needs.
- Second time student fails to meet the one-credit a week minimum: The teacher contacts the parents and places the student on a “Student Contract” in regards to credit completion.
- Student fails to comply with “Student Contract”: Student is dropped from independent study.

During each scheduled appointment the student will be given weekly course material that, when completed, will be graded and assigned credit toward graduation.

- Students are required to attend all scheduled appointments with their instructor and to participate in all standardized testing as required by the state, the district or the school.
- Students will earn 1 credit towards graduation for every 20 hours of work assigned.
- Students may earn a maximum of 40 academic credits per semester.
- Students may earn no more than 10 credits per academic subject during a semester.
- Students are expected to attend regularly and maintain satisfactory progress in order to remain in the program.
- A student failing to appear for two scheduled appointments or missing two assignments will be re-evaluated regarding his/her placement in independent study.

**Financial Responsibilities**

Students are financially responsible for school property entrusted to their care or use. A deposit may be taken from each student and will be maintained by the school, pending student return of all school property/text books. Marking in textbooks, writing on tabletops, walls, bulletin boards, desks, chairs, or other acts of willful damage to school property are prohibited.
A total of 230 units of credit must be earned for high school graduation. Five (5) units are granted for successfully (D or better) completing each semester in each of the core classes, ten (10) units are granted for successfully (D or better) completing each semester in each elective class, upon completion of the extra credit assignments.

1. To enter:  
   10th grade  11th grade  12th grade  Graduation  
   50 units  110 units  170 units  230 units  

(STUDENTS NORMALLY WILL BE RECLASSIFIED BY GRADE IF THE GRADE REQUIREMENTS ARE NOT MET, HOWEVER REQUIREMENT YEAR WILL NOT CHANGE)

2. The following are the specific course requirements for graduation:

   - English Language Arts................................................................. 40 units
   - Modern World History................................................................. 10 units
   - United States History................................................................. 10 units

SPECIAL EDUCATION SERVICES

Special education students are part of the total school community with equal access to educational, co-curricular, and social activities of the school. The IEP team determines appropriate special education services for each special education student accessing the school curriculum. These special education services may include direct services, skill development in existing tutorials, and consultation with Speech professionals, along with Health/Nursing, Counseling, Hearing-Impaired, Visually Impaired, and Orthopedic Impaired assistance.

Special education staff (ISGI, school psychologist) will work collaboratively with other members of the staff to provide an array of educational options to meet the varied needs of all students at the school. The delivery model at the School of Unlimited Learning may include: direct services based on IEP needs, skills development in existing tutorial programs, consultation and collaboration, alternative materials and/or curriculum, physical accommodations, modified teaching strategies, curriculum and material adaptation, and in-service training for other staff members. Special education staff may work with students and/or staff in the general education classroom to the maximum extent possible to allow for a Least Restrictive Environment. If the IEP team feels the above services are not adequately meeting the student’s identified needs the student will be referred to an appropriate FUSD special education program.

Students referred to SOUL or requesting enrollment, will go through an IEP process prior to enrollment to define appropriate services and placement. Independent study will be an option only if circumstances prevent the student from attending a full-day schedule. Special situations will be documented and monitored.
At the School of Unlimited Learning we take special interest in the overall success of our students during their stay in our program, both academically and socially. We realize that a student’s progress can be greatly affected by issues occurring beyond the classroom. Utilizing a multi-tiered system of support including Case Management services, social/emotional intervention, corrective action through restorative justice opportunities, and the various resources offered by our dedicated agency partners, SOUL strives to develop confident, competent and compassionate graduates.

College Grants and Scholarships
Scholarships and financial aid are available through a wide variety of public and private sources. They are generally awarded based on financial need, or academic, athletic, musical, or other specialized achievements. Others are awarded on future promise, or a combination of all these factors. It is never too early to begin a portfolio of information specifically required for scholarships. Students and parents who are interested in more information should contact the student’s case manager, the counseling office, the Career Workshop Facilitator, or the admissions offices of colleges, universities, and career/vocational oriented schools in which they are interested. Students should not wait until the second semester to seek scholarship information. Many deadlines may occur before January.

Rationale
In accordance with Federal Title 1 requirements, the School of Unlimited Learning has developed a written parent involvement policy, which describes how SOUL involves parents to improve student academic achievement and school performance. The Parent Involvement Policy includes a variety of ways that parents can become actively involved in their child’s educational experience at SOUL. The Parent Involvement Policy is designed to help build the schools and parent’s capacity for increased parent involvement. In the spring of each year, SOUL will conduct an annual review of the content and effectiveness of its parent involvement policy. SOUL will use those findings to develop additional opportunities for parental involvement that will lead to increased student academic success.

School Description
The School of Unlimited Learning, or SOUL, is a public charter school serving Fresno’s youth, grades 9 through 12. The private not-for-profit Fresno Economic Opportunities Commission operates the school in partnership with the Fresno Unified School District. The Fresno Economic Opportunities Commission is one of the nation’s leading community action agencies established to help individuals and families become self-sufficient. The Fresno Unified School District’s Board of Trustees approved the school’s charter petition on March 26, 1998. The Fresno Economic Opportunities Commission established this charter school to provide enhanced educational opportunities for students at risk of not completing high school. The State Board of Education approved the charter in July of 1998.

Annual Approval
Each year, after being reviewed by parents in the Spring, the SOUL’s Parent Involvement Policy is submitted for review and approval each September to the School of Unlimited Learning Governing Council. Once approved, the plan is distributed to parents and reviewed at the first schedule parent meeting after the Governing Council.

PARENT INVOLVEMENT GOALS

- Parents play a crucial role in the joint development of a plan for continuous school improvement
- Positive working relationship exists between educators and parents.
- Close communication exists between school and home.
- Strong parent involvement is evident through attendance and participation at school-sponsored events.
- Parents are viewed as a vital component to the academic success of their students.

Rights of Parents

1. To expect that their child will spend time at school in a safe, wholesome stimulating atmosphere engaged in productive activity under the care and direction of a dedicated staff.
2. To be assured that school personnel will at no time preempt parental prerogative.
3. To be informed of district policy, school rules, and regulations.
4. To review their child’s record with a certificated staff member. To be informed, in regards to, schools receiving Title 1 funds, of their right to request information regarding the professional qualifications of their child’s teacher. Also, any school that has been identified for Program Improvement or Corrective Action must promptly notify parents regarding an explanation of the identification as well as other requirements specified in the Act.
Responsibilities of Parents

1. To visit the school periodically to participate in conferences with teachers, counselors, or administrators regarding the academic, attendance and behavioral status of their child.
2. To support their child by ensuring that he/she receives adequate sleep, nutrition, and appropriate clothing before coming to school.
3. To apply and maintain consistent and adequate restraints in regards to their child’s overall behavior and to approve of reasonable behavioral guidelines as applied by school personnel.
4. To cooperate with the school in bringing about improvements designed to enhance the educational program offered students.
5. To provide the school with current information regarding legal address, phone, medical data, and other facts, which may help the school to serve their child.

PARENT INVOLVEMENT OPPORTUNITIES

SOUL Governing Council
Parent involvement is essential to the success of the School of Unlimited Learning. Parent and student representatives will be asked to participate in the School Site Governing Council. In the interest of Social Distancing, these meetings may be held “Virtually” via Ring Central.

SOUL Parent Meetings
Parent meetings will be held regularly throughout the year. Meeting times and dates will be determined by parents completing a questionnaire when enrolling their child or at Back to School Night in September. The meetings will be chaired by parents. They will focus on information pertinent to parents, such as school improvement efforts, mandated testing, school policies and procedures, etc. In the interest of Social Distancing, these meetings may be held “Virtually” via Ring Central.

RIGHTS OF STUDENTS

1. To attend school unless removed under due process as specified in California Education Code.

POSITIVE ATTENDANCE STRATEGIES

In the interest of encouraging positive attendance, SOUL has implemented the following strategies:

Truancy Risk List

*In lieu of the challenges presented by Covid-19, SOUL will suspend all Home Visits until further notice.*

A list comprised of SOUL’s worst absenteeism cases will be updated on a weekly basis. Any student on the list that appears to have an excessive amount of invalid absences will receive a home visit from an available case manager on the day of their absence. The particulars of the home visit will be forwarded to appropriate staff, and recorded in the student’s case management file. In addition, staff will phone the home of every absent student on a daily basis to inform the parent/guardian of their child’s attendance, and to verify the reason for the absence.

TRUANCY PROCEDURES & CONSEQUENCES

In the event that proactive Truancy intervention fails to affect change in a truant student’s performance, the following action(s) may be taken:

* Case manager and/or teacher/student conference
* Parent notification by telephone.
* Home/Parent visit by appropriate staff
* Referral to Social/Emotional Intervention Specialist
* Referral to counseling, as appropriate
* Student/parent contacts by appropriate staff.
  * Referral to Principal
  * Additional parent notification by telephone, letter, or home visit
  * Possible withdrawal to Guidance Dean.

Education Code Sections 48291 and 48293 provides that parents/guardians who fail to send their children to school shall be subject to criminal complaint and, upon conviction, payment of a fine.

Con el interés de fomentar una asistencia positiva, SOUL ha implementado las siguientes estrategias:

En lugar de los desafíos presentados por Covid-19, SOUL suspenderá todas las visitas domiciliarias hasta nuevo aviso.

Semanalmente se actualizará una lista compuesta por los peores casos de ausentismo de SOUL. Cualquier estudiante en la lista que parezca tener una cantidad excesiva de ausencias inválidas recibirá una visita domiciliaria de un administrador de casos disponible el día de su ausencia. Los detalles de la visita al hogar se enviarán al personal apropiado y se registrarán en el archivo de administración del caso del estudiante. Además, el personal llamará diariamente a la casa de cada estudiante ausente para informar al padre/tutor de la asistencia de su hijo y para verificar el motivo de la ausencia.
DISCIPLINE RULES AND REGULATIONS

Rules and regulations are established to maintain an atmosphere conducive to learning. Students who fail to comply with these rules and regulations will be counseled, reprimanded, suspended, or removed from the program. Each disciplinary action will be handled on a case-by-case basis. The School of Unlimited Learning follows FUSD’s Zero Tolerance Policy and Suspension/Withdrawal Guidelines. All students will comply with the regulations, pursue the required course of study, and respect the authority of the teachers and administration of the educational site. Attendance and participation at certain extracurricular activities are considered a part of the educational program. All rules of student conduct and dress code apply to extracurricular activities.

Food/Beverages
Food and beverages are not permitted in the theater or classrooms.

Use of Tobacco/Vaping Products
The use of tobacco/vaping products and/or paraphernalia on the school grounds is illegal by state law. Any items found will be confiscated. Students found with such items may be subject to additional searches and disciplinary consequences.

Littering
Students are expected to help keep our school premises clean. Littering is prohibited. Littering includes throwing paper, food products, or any trash on school grounds.

Defacing Property
Any student or the parent/guardian of minor students will be held liable for all school property that is defaced. All incoming students, along with a parent/guardian, will be asked to read and sign the SOUL School Tagging Policy form. This form will outline the consequences for defacing the building and school property or any student’s personal items. This form will be placed in every student’s case management file. Any cost incurred from defacing property will be repaid by student/family. All markers; e.g., sharpies, magic makers, or felt pens are prohibited. Students are not to bring markers to school. They will be confiscated and not returned.

Use of Electronic Devices, i.e. cell phones, Ipods and MP3 players
Use of any electronic device of any kind is strictly prohibited on campus except when instructed by staff to do so. The School of Unlimited Learning will not be responsible for lost or stolen property.

Use of Office Supplies
Office supplies and equipment are for staff use (e.g.: copy machine, hole punchers, paper clips, telephones, etc.). Student use of office supplies, telephones and/or equipment must be by permission and under the supervision of appropriate staff.

Use of School Telephones
A student may be given permission to use a Case Managers phone if, in the judgment of available staff, the call is absolutely necessary. Only in an emergency should a Case Manager be contacted to interrupt a student in the classroom to deliver a personal message.

Profanity
The use of profanity is not permitted on school grounds. For the purpose of this handbook, profanity is defined as any type of obscene or vulgar language that is offensive to others.
The following are the disciplinary sanctions that may be invoked by the staff of the School of Unlimited Learning.

**In-School Suspension Community Service**
The School of Unlimited Learning works to provide positive corrective measures through its In-School Suspension Community Service Program. Prior to the implementation of more serious disciplinary actions students are given the opportunity to perform physical labor and service at one of our many community service sites in the Fresno area. This program is a disciplinary course of action that results in positive community interaction.

**Student Contract**
Student contracts are utilized as a means to reinforce disciplinary actions. Students are placed on a contract to emphasize the importance of a change from unacceptable to acceptable behavior. The Student Contract spells out for the student the type of behavior that is acceptable. The contract is used prior to punitive measures in an attempt to correct behavioral problems before they escalate into offenses that lead to suspension and/or withdrawal from the program. Violation of the Contract results in a referral to the Guidance Dean. Violation may lead to community service, mandatory student/parent coaching with the Social/Emotional Invention Specialist, or withdrawal from the program.

**Suspension**
Suspension, the temporary removal of the student from the student body, is a serious disciplinary sanction. A student is suspended for violating the California Educational Code, or the School of Unlimited Learning’s Zero Tolerance Policy. The student may be referred to parental supervision for the period of suspension or may be assigned on-campus suspension under the supervision of school personnel. A suspended student is removed from all extra-curricular and co-curricular activities for a designated period of time. Absences due to suspension are considered invalid and any missed work by the student must be made up, (per instructor).

**Expulsion**
Upon recommendation by the Guidance Dean, the Principal pursues a student’s expulsion from the school. A student may be expelled for continual or serious misconduct (violation of the Zero Tolerance Policy). A student can be expelled for a serious offense or for a series of infractions detrimental to the order of the school. Students of the School of Unlimited Learning may be expelled from the charter school for persistent non-compliance with the terms of this charter or the rules, procedures, and policies outlined in the SOUL parent/student handbook. SOUL maintains a comprehensive set of student discipline policies. These policies are distributed as part of the school’s parent/student handbook and clearly describe the school’s expectations regarding attendance, mutual respect, substance abuse, violence, safety, work habits, and acceptable behavior. SOUL’s procedures for handling student discipline, suspension, and expulsion from the program are clearly defined. Prior to enrollment, each student and his/her parent/guardian are required to verify that they have reviewed and understand the school policies. Students that have either violated the school’s discipline policies, who have caused a serious disruption to the educational process, and/or who present a safety threat may be suspended for up to 5 school days. The school notifies and confers with the student’s parent/guardian as soon as possible regarding the suspension as provided below. If the violation of the discipline policy constitutes a serious offense, and/or if the student presents an ongoing threat to the safety of the school in general, the Guidance Dean will make a recommendation to the Principal to expel the student from the school. In such cases, the school sends a written notice of the facts, allegations, and student/parent rights to the parent/guardian and a hearing regarding the offense is held before the Principal or his/her designee as described below. The Principal may determine that the student be expelled or offered reinstatement, as appropriate. These processes are amended as required by law to protect the rights of students with disabilities or exceptional needs.

This conference shall be held within two school days unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent or guardian to attend a conference with SOUL officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent or guardian at the conference.

2. Notice to Parents/Guardians

   At the time of the suspension, the Guidance Dean or his/her designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension.

   This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If SOUL officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Guidance Dean or his/her designee, the student and the student’s guardian or representative will be invited to a conference to
determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Guidance Dean or his/her designee upon either of the following: 1) the student’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing.

**Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing before the Principal or his/her designee to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Guidance Dean or his/her designee determines that the student has committed an expellable offense.

In the event the Principal hears the case, he/she will make a recommendation to the Board for final decision whether to expel.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

- The date and place of the expulsion hearing;
- A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
- A copy of the SOUL disciplinary rule which relate to the alleged violation;
- Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at SOUL to any other school district or school to which the student seeks enrollment;
- The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
- The right to inspect and obtain copies of all documents to be used at the hearing;
- The opportunity to confront and question all witnesses who testify at the hearing;
- The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses.

**Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Guidance Dean to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the disciplinary committee or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The Principal will make a final determination regarding expulsion. Following a decision to expel, written notice of the decision to expel shall be sent, including the adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: 1) Notice of the specific offense committed by the student; and 2) Notice of the student’s or parent/guardian obligation to inform any new district in which the student seeks to enroll of the student’s status with SOUL. A written notice of the decision to expel shall also be sent to the authorizing district. This notice shall include the following: 1) The student’s name; 2) the specific expellable offense committed by the student.

The final decision shall be made within ten (10) school days following the conclusion of the hearing. The Decision may be appealed to the Board. Any decision on the appeal by the Board is final.

If the Principal decides against expulsion, the student shall immediately be returned to his or her educational program.
Special Procedures for the Consideration of Suspension/Expulsion of Students with Disabilities.

A student receiving special education services can be suspended for less than 10 days to the same extent applied to students without disabilities. Parents are immediately informed of disciplinary action via telephone and in writing. Fresno Unified Special Education personnel is also informed of the disciplinary action including the date, incident and number of days the student is suspended. The Special Education staff will begin a review of the IEP when the student has accumulated 8 suspension days.

If a student is suspended 10 days or more, a parent meeting is held, parents are informed of their right to appeal the disciplinary action, and given the rights and responsibilities for students with disabilities. Fresno Unified Special Education personnel is informed and an IEP meeting is held to conduct the manifest determination and the functional behavior assessment.

If the IEP team determines that the behavior is not related to the disability, the student may be suspended or withdrawn, as would a non-disabled student. Special education services would continue to be provided, including a behavior plan that would allow him/her to continue progress toward the IEP and general education goals. If the IEP team determines that the behavior is related to the disability, the student is not suspended, withdrawn, or recommended for expulsion. The team decides on an appropriate program and service options, along with the development of an appropriate behavior plan.

Services During Suspension
Students suspended for more than ten (10) school days in a school year continue to receive services so as to enable the student to:

a) Continue to participate in the general education curriculum, although in another setting.
b) To make progress toward the goals set out in the child's IEP, and receive a functional behavioral assessment or functional analysis.
c) Receive behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. These services may be provided on an interim basis in an alternative, educational setting.

Procedural Safeguards/Manifestation Determination
Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the SOUL staff, the parent, and relevant members of the IEP Team review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

a) If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability.
b) If the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

If the Charter School, the parent, and relevant members of the IEP Team determine that either of the above is applicable for the child, the conduct is determined to be a manifestation of the child’s disability.

If the Charter School, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team does the following:

a) Conducts a functional behavioral assessment or a functional analysis assessment, and implements a behavioral intervention plan for said child, provided that the Charter School had not conducted such an assessment prior to the behavior that resulted in a change of placement;
b) Reviews the child’s behavioral intervention plan if the child already has such a plan (or develop one if necessary) and discuss what, if any, modifications would be necessary to address the behavior.
c) Returns the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP team determine that the behavior was not a manifestation of the student’s disability and that the conduct in question was not a result of the failure to implement the IEP, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

PROCEDIMIENTOS UNIFORMES DE QUEJAS POR DISCRIMINACIÓN/HOSTIGAMIENTO

La Escuela SOUL se compromete a proveer un ambiente de aprendizaje que esté libre de acoso ilegal. Se prohíbe el acoso de cualquier estudiante por cualquier otro estudiante o empleado. La escuela tratará las denuncias de acoso en serio y revisará e investigará estas denuncias de manera rápida, confidencial y minuciosa. Una acusación de acoso no, en y por sí misma, crea la presunción de mala conducta, sin embargo, los actos comprobados de hostigamiento resultarán en acciones disciplinarias, hasta e incluyendo la retirada.

El acoso ocurre cuando una persona se somete a tratamiento, o un ambiente escolar que es hostil o intimidante debido a la raza de la persona, credo, color, origen nacional, ascendencia, discapacidad física, enfermedad mental, el estado civil, la edad, el sexo o preferencia sexual, o cualquier otra base protegida por las leyes federales, estatales y locales.

La Escuela SOUL es el principal responsable de asegurar el cumplimiento de las leyes y reglamentos estatales y federales aplicables y ha establecido procedimientos para hacer frente a las acusaciones de discriminación ilegal y quejas de supuesta violación de las leyes estatales o federales que rigen los programas educativos.

La Escuela SOUL debe investigar y tratar de resolver las quejas mediante políticas y procedimientos conocidos como los Procedimientos Uniformes de Quejas adoptados por la Mesa Directiva de la Comisión de Oportunidades Económicas de Fresno. Las quejas de discriminación ilegal pueden estar basadas en el sexo real o percibido, orientación sexual, género, identificación de grupo étnico, raza, ascendencia, origen nacional, religión, color o discapacidad mental o física, o la edad, o en asociación de una persona con una persona o grupo con una o más de estas características reales o percibidas, en cualquier programa o actividad que reciba o se beneficie de la asistencia financiera del estado. La UCP también será utilizada para abordar las quejas alegando el incumplimiento de leyes estatales y/o federales en Educación de Adultos, Programas Consolidados de Ayuda Categórica, la Educación Técnica, Programas de Formación, Cuidado de Niños y Programas para el Desarrollo de Programas de Educación Especial, y los Requisitos Federales de la Planificación de Seguridad.

De conformidad con el Procedimiento Uniforme de Quejas de la escuela SOUL, seguiremos los procedimientos de quejas uniformes al tratar con quejas alegando discriminación ilegal en contra de grupo protegido. Los grupos protegidos incluidos bajo el Título IX y en California se enumeran por el Código de Educación §§ 200 y 220 del Código de Gobierno §§ 11135, e incluye el sexo real o percibido, orientación sexual, género, origen étnico, raza, ascendencia, origen nacional, religión, color, discapacidad mental o física, y la edad, así como la asociación con los miembros de una clase protegida. Además, es la política del Estado de California, conforme a la Sección 200, que todas las personas deben gozar de la libertad frente a la discriminación y/o acoso de cualquier tipo en las instituciones educativas del estado. Esto también incluye el acoso sexual, que es una forma de discriminación sexual. Formularios de Procedimiento Uniforme de Quejas están disponibles a petición de la administración.

La Agencia designa al individuo identificado más adelante como el empleado responsable de coordinar la respuesta de la Agencia a las quejas y de cumplir con las leyes de derechos civiles estatales y federales. El individuo también sirve como el oficial especificado en el cumplimiento de No Discriminación/Acoso y el empleado responsable de manejar las quejas relativas a la discriminación sexual. El individuo deberá recibir y coordinar la investigación de las quejas y velará por el cumplimiento de la ley por parte de la Agencia.

Each year, the School of Unlimited Learning revises and submits for approval a safe school plan, which delineates school safety procedures and emergency drill information, including a schedule for fire drills, lockdown procedures, and a school evacuation process. The safe school plan is available for review to anyone upon request. SOUL's 2022-2023 Safe School plan was reviewed and approved at the SOUL Governing Council in March 2022.

Emergency drills for various kinds of disasters are part of the school experience conducted on a regular basis. Emergency procedures for fire, earthquake, and other natural disasters will be provided to students. The most common drill is the fire drill. All students must understand the seriousness of the drills. There will be at least two fire drills per semester in an effort to increase student efficiency when leaving the classroom in the event of a fire. Parents/guardian may assist in their child’s safety by reinforcing the following rules:

- Exit the classroom according to the teacher’s instructions.
- Walk! Do not run!
- Exit and remain silent.
- Do not push or shove.
- Once out of the classroom and in the designated area, remain in line quietly, until the teacher/staff dismisses you.
PLEASE FILL OUT THE EMERGENCY CARD COMPLETELY. IF THERE IS A CHANGE IN ADDRESS, TELEPHONE, OR EMPLOYMENT NOTIFY US IMMEDIATELY SO THAT WE CAN CHANGE THE EMERGENCY CARD.

Medication
Education Code Section 49423 defines the requirements for administration of medication at school as:

“Any student who is required to take, during the regular school day, medication prescribed for him or her by a physician, may be assisted by the school nurse or other designated school personnel if the school district receives: 1) a written statement from such physician detailing the method, amount, and time schedules by which such medication is to be taken, and 2) a written statement from the parent or guardian of the student indicating the desire that the school district assist the student in the manner set forth in the physician’s statement.”

The medication must be clearly labeled with the name of the student, name of the medication and the dosage. At the beginning of each school year or upon entry to a school, a “Medication at School” form must be completely renewed.

Aspirins and other over-the-counter medications cannot be given unless specified in writing from a physician.

Immunizations
All students entering SOUL will be required to submit written proof of all immunization records and a completed copy of a negative TB skin test from a physician, clinic or the Health Department before they can attend class.

Accidents
If a serious injury occurs on the school grounds or during transportation, the parents will be notified and asked to pick up the child for their own observation or examination by their family physician. Parents will be promptly notified of all injuries not considered minor. In the event that the parents cannot be reached, the student will only be released to a person named on the emergency card. It is critical that the emergency card information is accurate. If a student needs immediate, emergency attention, 911 will be called.

The School of Unlimited Learning does not provide medical coverage for your child. This means that you are responsible for all medical bills if your child is injured during school activities.

First Aid and Illness
If a student should become ill or injured at school, he/she will receive every care and consideration possible. Parents will be contacted for injuries of a serious nature, or if a student is too ill to remain at school.

Physical Education Medical Excuse
A written prescription from a physician should be brought to the office for an excuse from physical education class. This note should indicate length of time to be excused, diagnosis, and physician’s signature.

2022-2023

In order to reduce any risks of exposure to COVID-19, all Fresno EOC employees reporting to a worksite as part of their workday are required to complete a COVID-19 Health Screening Survey at the beginning of their shift.

Students and staff may wear a mask/face covering, shield on campus if they choose to.

As a personal preference, Staff that chooses to do so MAY continue to perform their duties at their desk behind a Plexiglass barrier.

Any students exhibiting signs of illness will be asked to submit to a voluntary Covid-19 test. Students (or Parent/Guardians in lieu of students) declining to do so will be sent home immediately. Students that agree to be tested will be sent to the Covid-19 Coordinator (or trained staff) for testing. Students testing Negative will be sent home and scheduled for a follow-up test within 3 days, with at least 36 hours in between to confirm a negative test. Upon receiving a 2nd negative test, that student will be eligible to return to campus. Students testing positive will be sent home for 10 days. If after 10 days the student is no longer exhibiting symptoms, he/she will be eligible to return to school.

Students providing credible evidence of a negative Covid-19 test prior to the 10-day window closing may return to school at that time.

Any staff exhibiting Covid-19 symptoms will be subject to current Fresno EOC Covid-19 Employee protocols and guidelines.

All guidelines are subject to change in accordance with Fresno EOC, Fresno County, CDC, State and Federal protocols.

CONCLUSION

The staff of the School of Unlimited Learning is dedicated to helping each student succeed in school, work, and every aspect of their daily life. An individualized plan, prepared with student involvement, is tailored to meet each student’s needs for successful completion of the program. Students are responsible for good behavior, regular school attendance, and compliance with any agreement that they sign.

The school, the student, and the parents working cooperatively will ensure a meaningful and successful experience for the students at the School of Unlimited Learning.

- Increase SOUL’s graduation rate to meet or exceed California’s minimum graduation rate.
- Increase school connectedness, and address student, parents, and staff social and emotional wellbeing during COVID.
- Increase efforts to identify, monitor, and support students who are at high risk of failure, especially whose studies are negatively impacted by depression, isolation, lack of motivation, or COVID related family illnesses. Provide intervention resources as needed.

Fiscal Impact

Funding from SOUL’s Title II allocation, as well as 10% of SOUL’s Title IA allocation is set aside for Development activities as delineated in the 2022-2023 Professional development Plan.
