Tracy Pierce, Recycling Coordinator
Jeremy Ruiz, Construction Coordinator
Veronica Moreno, Lead TSA
Esmeralda Roque, TSA

Corpsmembers: Alexander Calderon, Markila Plummer

1. WELCOME AND CALL TO ORDER

Shawn Riggins, LCC Director, called the meeting to order at 12:01 p.m.

2. ROLL CALL

Roll call was called.

3. APPROVAL OF PREVIOUS MINUTES

May 24, 2023 Meeting Minutes

Motion by: B. McAlister **Second by:** C. Garabedian.

Ayes: All in favor. **Nays:** None heard.

4. YOUTHBUILD CHARTER SCHOOL OF CALIFORNIA (YCSC)

Shawn Riggins, stated that LCC has partnered with YCSC since 2010 and that YCSC is the educational provider for the corps. Part of California's Corps Legislation statute requires that all young people enrolled in the corps are enrolled in an educational component. The charter school is onsite and currently works with students 18-29 years old.

Riggins then introduced Ken McCoy, YCSC Counselor/Registrar and students. McCoy introduced YCSC seniors, Markila Plummer and Alexander Calderon, who shared their experiences. Markila stated that she is a student and a corpsmember and will be graduating soon, needs five credits to graduate, her goal is to go to college and become an RN. Alexander stated that he is part of the landscaping program at LCC, this is his second year attending YCSC and after obtaining his high school diploma he would like to go to college and explore his options.

McCoy then provided an overview of YCSC's curriculum and stated the school work is community and project based, every semester has a community action project. One of the community action projects is the food distribution at LCC. YCSC offers a 50/50 model where students go to school one week and work the next, students receive work experience credit for the work week. Students are currently preparing for the upcoming project, Safe Night Out in October. One of last year's project was a "Concerto" that featured a student playing the violin, another project was a "Fashion Show" featuring staff, students and corpsmembers. McCoy stated that YCSC partners with Owens Valley to provide independent studies. August 14, 2023 was the first day of school for the 2023-2024 academic year.

5. PROGRAM UPDATES

A. Work Training Projects

A detailed list of work training projects was distributed at the meeting with the Advisory Board agenda packet. Several projects were highlighted. Shawn Riggins provided a brief update on LCC's activities/events since the last Advisory Board meeting, as follows:

- Veronica Moreno, Lead TSA, introduced Vouchnai "Nai" Chheang, and stated that Nai came to LCC in September of 2022 and is the first corpsmembers that has come to LCC with a bachelor's degree in chemistry. At this time Nai expressed that she was very interested in the Sterile Processing Technician training program. Nai enrolled in the YouthBuild construction program and alternated weeks between working on the construction site building homes and the classroom taking the sterile processing course. Once she completed the 8-week sterile processing tech curriculum she then began the 400-hour paid internship at Valley Children's Hospital. Nai decided to take a short break and visit family in Cambodia, and would return to attend pharmacy school. Upon returning from Cambodia Nai took and passed the sterile processing tech test and received her certification, which is recognized worldwide. Nai applied and was accepted to pharmacy School, LCC's YouthBuild program has been supporting her through this process. Nai shared her experience at LCC, stating that she came to this program knowing nothing about construction and is grateful that Jennifer and Jeremy, construction supervisors, trained her on how to use hand and power tools. Nai also stated that she appreciates the opportunity to work alongside low-income families building homes and to be part of the LCC.
- Riggins stated that on Monday, August 7, 2023, the LCC hosted members of The Corps Network from Washington DC and Miami, who were visiting the area as part of their board retreat in Yosemite. The LCC staff shared with the group how the LCC program supports young adults, ages 18-26, through education, vocational training, and supportive resources. The group was very impressed, stated that they will be reaching out to LCC for a national story.
- Riggins stated that staff will be traveling to Washington DC this month for the YouthBuild Department of Labor national conference. DOL asked LCC to be part of the presentation in DC, staff will be presenting on EOC/LCC's policies, procedures, and internal controls.
- Riggins stated that storms earlier this year disrupted water quality in the Friant area, placing residents under a boil water advisory. Senator Grove and Supervisor Nathan Magsig's office reached out to EOC requesting assistance to distribute bottled water to the Friant community. LCC distributed water once alongside EOC/Energy Service and two additional times. Certificates of appreciation were provided to corpsmembers.

- Riggins stated that the first meeting for Halloween Safe Night Out will be taking place this month.
- Riggins stated that LCC will be entering into a fee for service contract with the Fresno Metropolitan Flood Control District to install inlet markers at storm drains throughout the City of Fresno and Clovis. Riggins stated that he is currently working with EOC's Communications Department on a media advisory, that will be approved by the district, to inform the community that this will be taking place.
- Manny Brar, POPs Coordinator, provided an update on the POPs program. Brar stated that the Annual POPs conference will be taking place on Saturday, August 26, 2023 at the LCC, breakout session will include; Credit Counseling, Father/Daughter Bonding, a class to teach fathers how to braid their daughter's hair, local hair stylists will be teaching the class, and representatives from EOC/ WIC and Head Start 0-5, County of Fresno Child Support Services will be onsite as well. There will be free swag giveaway and raffle prizes as well.
- Tracy Pierce provided an update on LCC's recycling program. Pierce stated that this is recycling's busiest season with CRV collection at Save Mart Center events, Fresno State football games, the upcoming Madera Fair, waste tire collection events and the project with Fresno Metropolitan Flood Control District.
- Jay Fitzpatrick, Solar Program Manager, provided an update on the program. Fitzpatrick stated that the solar crew is 100% full, corpsmembers have improved their attendance and are engaged in the program. Solar installs are moving along, had issues with some of the homes in the 93706 area, roofs are very old and will need to be replaced, hopefully this can be done through EOC's Energy Services Program. Fitzpatrick also stated that PG&E has changed how they credit solar customers for their energy, NEM 3.0, this may require solar customers to get battery storage. There is a program that homeowners can apply for which can provide batteries for their homes so they can have stand-alone power when the power goes out in their area.
- Caroline Taito, YouthBuild Program Manager, provided an update on the YouthBuild program. Taito stated that enrollment in the construction program will begin very soon. Housing partnership continues with Self Help Enterprises, will continue to build homes in the Reedley area, the Fresno housing division will be ready early next year. Enrollment in the YouthBuild AmeriCorps (AMC) program continues, just completed enrollment for AMC year 1 of the 3-year grant. LCC just received the next round of funding for YouthBuild AmeriCorps. The sterile processing training will begin in October, there's a lot of students interested, as well as staff from Valley Children's and Fresno Community Hospital. This round of funding for YouthBuild/DOL also includes forestry and solar training.
- Elisa Sgambellone, LCC Assistant Director, stated that the YouthBuild Charter School graduation took place on June 23, 2023, nineteen students graduated. Sgambellone also stated that there are 10-12 potential graduates for December, may be holding a graduation ceremony in December again. LCC held Summer Education for all corpsmembers in July, corpsmembers received certifications in OSHA 10, First Aid/CPR, and Forklift, in addition to career preparation. Currently enrolling students 18-29 years old in YCSC.
- Riggins stated that this year is LCC's 30th anniversary. The plan was to have an open house for the completion of the second floor, unfortunately the air conditioning unit on the second floor went out. Jeremy Ruiz, Construction Coordinator, has been working with PG&E to get issue resolved, parts have been ordered. As soon as the

a/c unit is running again, plans will begin for the combined open house and 30th year anniversary celebration.

B. Corpsmember/Student Development

Markila Plummer and Alexander Calderon shared their experience at the YCSC school and field training, as well as their future plans after graduating from YCSC.

6. OTHER BUSINESS

Next meeting is scheduled for Wednesday, November 15, 2023

7. PUBLIC COMMENTS

None heard.

8. ADJOURNMENT

Meeting was adjourned at 12:48 p.m.

Respectfully Submitted,
Shawn Riggins, LCC Director
Fresno EOC Local Conservation Corps

LOCAL CONSERVATION CORPS ADVISORY BOARD

Date: February 21, 2024	Program: Local Conservation Corps
Agenda Item #: 6	Director: Shawn Riggins
Subject: Advancing Fresno County Guaranteed Income Program	Officer: Jack Lazzarini

Recommended Action

The information presented below is intended to keep the Advisory Board apprised on the Guaranteed Income Program.

Background

Since 2022, Fresno EOC has been seeking funding opportunities for a Guaranteed Basic Income program for Fresno County. In November of 2022, Fresno and the Central Valley as a region were not approved in the California Department of Social Services' Guaranteed Income Pilot Program awards.

In 2023, Fresno EOC continued to advocate for a GI Program. As a result, Fresno EOC has secured \$1,025,000 with philanthropic funding commitments from the following organizations: California Wellness Foundation (\$500,000), James Irvine Foundation (\$100,000), California Endowment (\$150,000), Kresge Foundation (\$100,000), Delta Dental Community Care Foundation (\$100,000) Central Valley Community Foundation (\$50,000), and Sierra Health Foundation (\$25,000).

Advancing Fresno County Guaranteed Income is a program aimed to assess the economic and health impacts of a monthly supplemental income of \$500 for 12 months for low-income families in our county's highest concentrated urban and rural zip codes. The goals of the program are to:

1. Randomly select a total of 150 low-income families with children, ages 0 to 5, living in southwest Fresno (75 families) and Huron (75 families) to receive \$500 per month for 12 months;
2. Assess the impacts on enrolled participants' health, happiness, financial stability, and employment; and,
3. Connect and increase enrollment in other essential Fresno EOC services to support family's livelihood.

Fiscal Impact

The proposed budget is \$1,025,000 for a 12-month project period.

Budget Category	Program Cost	Justification
Direct Participant Cash Payment	\$900,000	150 participants x \$500/month x 12 months
Incentive for Program Participants	\$12,000 300	Survey participants x 4 surveys x \$10 gift card
Program Evaluation	\$108,744	Service Contract with Center for Community Voices at Fresno State, primary activities include: <ul style="list-style-type: none">• Evaluate implementation and outcomes;• Develop survey instruments; and• Produce final impact report.
Pre-paid Electronic Payment Service Fees	\$4,256	Service Contract with USIO, Inc.
Budget Total:	\$1,025,000	

Conclusion

The GI Program will open enrollment for a 45-day period, for low-income targeted communities of Huron and Southwest Fresno in the spring of 2024.

B. Corpsmember Development Report

Recommendation: Information only

Background: Corpsmembers are required to participate in continuing education at the Local Corps as a condition of their enrollment. High school diploma classes are available through the YouthBuild Charter School of California or post-secondary education institution. Citizenship and Leadership classes are available to YouthBuild Charter School students on a weekly basis and available to all corpsmembers during the summer and winter break annually.

The LCC/YouthBuild Charter School Senate Council provides corpsmembers with the opportunity to participate fully in the development of additional services and programs members may deem important to their experience and growth at the Corps.

Activity:

The YouthBuild Charter School of California (YCSC) continues to provide the high school education component, Life Skills, and Leadership Development for LCC. Currently 76 students are enrolled.

- September 26 & 27 2023 – Eleven corpsmembers completed OSHA training.
- October 2023 – Demetrius Romero Sanchez obtained full time employment with Community Medical Centers as a Certified Sterile Processing Technician
- October 31, 2023 – Safe Night Out
- January 10, 2024 – Twenty-six corpsmembers received training on safety and proper operation of a pressure washer.
- YouthBuild AmeriCorps (YB/AMC) 22/23 – 1st year of the new three-year grant. 35 slots were awarded, 31 reduced half time, 2 half time, all slots were filled, and 2 full time, unable to fill these slots. Enrollment closed on August 15, 2023.

- YB AMC 23/24 – 2nd year of three-year grant. 35 slots were awarded slots, 1 reduced half time, 2 half time, and 2 full time slots. Enrollment closes August 15, 2024. Currently working with students to complete the enrollment process i.e., complete criminal history checks, enrollment documents, create an account in My AmeriCorps, etc. One full time candidate submitted all documents, completed all criminal history checks and is awaiting approval of full time slot from YB USA.
- February 1, 2024 – Forestry Corps cohort #8 completed the 8-week paid work experience training. Project work activities included: identifying hazard trees and dense fuel loads. Following site treatment plans; utilizing skills such as chainsaws, heavy equipment and chippers to safely and efficiently provide prevention mitigation efforts in areas considered high risk for wildfire.
- February 2, 2024 – Four corpsmembers completed their YB/AMC hours and earned an education award. Seven did not complete, left the program and 22 are actively working toward completing their hours.
- Currently sixteen corpsmembers are enrolled in the YouthBuild/DOL construction training project, three are pending enrollment.
- Sterile Processing Tech (SPT) Training will begin on or about March 5, 2024. Several students are interested in the SPT training. Up to 10 will be enrolled.
- LCC continues to offer Career Prep workshops. The workshops are presented in-house, through LCC staff and partners. Topics include; Job Search, Interview Skills, Resume Writing and Mock Interviews.
- AA/NA meetings continue on suspension until further notice.
