Request for Proposal**

Local Conservation Corps Network Upgrades

E-Rate Funding Year 2025-2027

Form 470 Application Number: **250008284**

December 13, 2024

Description:

Local Conservation Corps is seeking proposals to upgrade their network infrastructure. The upgrade should enhance speed, security, and reliability across the school's local area network (LAN), Wi-Fi, and cloud connectivity. The goal is to ensure better performance for day-to-day operations.

The Request For Proposal will be posted to www.fresnoeoc.org.

Email all proposals to:

Ian Matthews

IT Director

(Send proposals to both emails.) fceoc@erateassist.com, ian.matthews@fresnoeoc.org

Proposal Due Date: January 28, 2024 at 1:00 p.m. PST.

Proposal must include the E-Rate Form 470 Application Number and the service provider SPIN.

All questions must be directed send via email to fceoc@erateassist.com and ian.matthews@fresnoeoc.org.

Answers to questions received will be available via email to all prospective bidders upon request.

Any contract or agreement is contingent on the receipt of an E-Rate discount funding commitment for this application. Fresno EOC reserves the right not to award any contract for this application should it so desire.

Bidders willing to bill for and accept payment only of the non-discount portion of products and services will receive preference in the selection of providers.
