It is the Commissioner's responsibility to check the matrix, verify accuracy and inform the Secretary or designee if any changes are needed.
Recommended Action

Adopt resolution authorizing the agency to allow for the Board of Commissioners and standing committees to participate via teleconference so long as such actions comply with newly adopted AB 361.

Background

Governor Newsom’s Executive Order No. N-29-20, which allows some or all Commissioners/Committee Members to participate in a public meeting via teleconference (phone or video) expired as of September 30, 2021.

However, on September 15, 2021, AB 361 was signed into law, which provides that through December 31, 2023, local agencies may continue to use COVID-19-era teleconferencing notice and meeting procedures as long as one of the following specific types of emergency exists:

A. The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.

B. The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

C. The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

The local agency board must make specific findings every 30 days during the emergency when telephonic or virtual meetings are required. The Governor signed an order declaring a State of Emergency in California, which is valid until March 31, 2022.
Even so, in order to meet electronically, the EOC must make these findings every 30 days:

A. The legislative body has reconsidered the circumstances of the state of emergency.

B. Any of the following circumstances exist:
   (i) The state of emergency continues to directly impact the ability of the members to meet safely in person.
   (ii) State or local officials continue to impose or recommend measures to promote social distancing.

The new law also prohibits local agencies from requiring public comments to be submitted prior to the meeting without also allowing real-time comment opportunities during the meeting. In addition, the new law allows third-party internet websites to collect names and other information from the public in order to participate in the meeting, but local agencies themselves are still prohibited from requiring the same information to participate. Finally, if there is an internet or telephonic service disruption that prevents the agency from broadcasting the meeting, the agency may take no action until the broadcast is restored. Normal posting timelines for agendas still apply, as well as the roll-call vote requirement.

**Fiscal Impact**

There are no financial implications to this decision.

**Conclusion**

If the Board adopts the resolution, the Board will continue to meet via teleconference.

MEMORANDUM

TO: Public Agency Clients
FROM: Kenneth J. Price
Lauren D. Layne
Jessica S. Johnson
BAKER MANOCK & JENSEN, PC
DATE: December 29, 2021
RE: Public Agency Updates for 2022

PUBLIC AGENCY NOTIFICATION

The purpose of this memorandum is to inform our public agency clients of new laws and changes in the existing laws which may affect them in 2022.

DISCUSSION

A. Extension of State of Emergency/AB 361 Brown Act Teleconferencing Requirements

During the height of the COVID-19 pandemic in 2020 and 2021, Governor Newsom’s Executive Order No. N-29-20 allowed legislative bodies to participate in a public meeting via teleconference (phone or video) under the Ralph M. Brown Act (“Brown Act”). This order was set to expire as of September 30, 2021.

On September 15, 2021 Assembly Bill (“AB”) 361 was signed into law. AB 361 allows local agencies to continue to use COVID-19-era teleconferencing notice and meeting procedures through December 31, 2023, as long as one of the following specific types of emergency exists:

A. The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
B. The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

C. The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

The legislative body must make specific findings every thirty days during the emergency when telephonic or virtual meetings are required. The Governor, through Order N-12-21, extended the March 2020 order declaring a State of Emergency due to the impacts of COVID-19 until the end of the 2021. On November 10, 2021, the Governor extended the State of Emergency yet again by Executive Order N-21-21. The State of Emergency now ends on March 31, 2022, though it is likely to be extended again given the renewed upsurge in cases from the Omicron variant and potential future variants.

During this period, a public agency may meet in person, but if it wants to meet via Zoom or another videoconferencing platform, the board of directors must adopt the now-familiar AB 361 resolutions, which are valid for thirty days as long as a state-wide emergency exists, currently through March 31, 2022.

B. Behested Payments Reporting

1. Current Law

Under the Political Reform Act, donations or payments made at the behest of an elected officer or Public Utilities Commission member (hereafter referred to collectively as “official”), when made “principally for charitable, legislative, or governmental purposes” must be promptly reported by the official to the Fair Political Practices Commission’s (“FPPC”).1 Practically, this applies mainly to fundraising efforts that an official participates in that results in donations to a charity, an individual, or a government agency at the request or suggestion of the official.

Generally, a payment is considered behested, and subject to reporting, if:

- The payment is made at the request, suggestion, or solicitation of, or in cooperation, consultation, coordination, or concert with an elected official;
- The behesting official does not provide full and adequate consideration in exchange for the payment;
- The payment is made for a legislative, governmental, or charitable purpose;
- The payment does not qualify as a gift (made for personal purposes) or a contribution (made for election-related activity) to the elected official;

---

1 Gov. Code § 84224.
The value of the payment meets or exceeds the reporting threshold of $5,000.\(^2\)

The official must report the behested payment within 30 days of the date a single source makes a behested payment or payments that aggregate or exceed $5,000 in a calendar year. The official must report the names and addresses of the parties involved (payor and payee), the date(s) of the payment(s) and a brief description of the goods or services provided or purchased and a description of the specific purpose or event for which the payments were made. This means that the elected official must promptly communicate and work with the organization receiving the payment/donation after participating in the fundraising event to determine if and when reporting is required.

A payment/donation that is principally for personal purposes or a payment that is related to an official’s candidacy for elective office is generally not a reportable behested payment under FPPC Regulations Sections 842204.5(c) and 84224.

2. **2021 Amendments**

On October 21, 2021, the FPPC adopted new regulations promoting increased transparency for behested payments. Effective December 22, 2021, the behested payment report must also include\(^3\):

- A brief description of any relationship between the nonprofit payee and the official, or a member of his or her immediate family, or member of their campaign or officeholder staff; and

- A brief description of any proceeding\(^4\) before the official’s agency at the time of a reported payment or within the 12 months prior to the reported payment in which the payor is the named party or subject of the decision.

Such relationships are not forbidden by law and do not generally constitute a conflict of interest, however, FPPC staff and the Commission considered this information that the public would be interested in knowing.

If the official is having difficulty gathering information from the payee, there is now a “safe harbor” provision, allowing the official to estimate the behested payment amount and date in good faith if they have made reasonable efforts to obtain the information (e.g., a written

\(^4\) A “proceeding” includes decisions on a contract, license, permit, or other entitlement and matters of non-general legislation. A “proceeding” does not include decisions on general legislation.
request will suffice), and the official files an amended report within 10 days of receiving the payment information from the payee.\(^5\)

The behested payment reporting requirements will now also apply to charitable fundraising solicitations only when they are sent out under the control or at the direction of, in cooperation, coordination or concert with, at the request or suggestion of, or with the express, prior consent of the elected officer or agent thereof, and in which the elected official is prominently featured. “Prominently featured” means where the elected official’s photo or signature or name is prominently displayed on the solicitation – or when the letterhead of a governing board listing a roster of its mostly elected officials is on the solicitation.\(^6\) This means that merely being featured in a solicitation would not constitute a reportable behested payment without some active involvement by the official or their agent.

Finally, there are new reporting requirements when the payment from a nonprofit organization has and uses one or more separate donor advised funds.\(^7\) The named “payor” in that case may be “anonymous” but only if such information is so provided by the nonprofit sponsoring organization. The elected official should inquire with the organization as much information as they can share to report to the FPPC, and file an amended report within 10 days of acquiring any new information.

Behested payment reports must be submitted online or in paper by Form 803, also available online at the FPPC’s website.\(^8\) For local agencies, Form 803 must be filed with the elected official’s agency, who must forward it to the agency’s filing officer who receives the official’s campaign statements within 30 days of the payment.

**C. Updates to CEQA – AB 819**

On July 16, 2021, the Governor signed Assembly Bill 819 (“AB 819”), which requires more electronic posting to satisfy the notice and filing requirements for environmental documents in compliance with the California Environmental Quality Act (“CEQA”). The Legislature supported these measures as a means to increase public access and involvement. Starting on January 1, 2022, the following requirements will apply:

1. **Environmental Impact Reports (“EIRs”)**

   (a) If a lead agency determines that an EIR is required for a project, the lead agency shall immediately send the notice of preparation (“NOP”) by certified mail or email to each responsible agency, the Office of Planning and Research (“OPR”), and public agencies with jurisdiction over natural resources affected by the project.\(^9\)

---

\(^6\) 2 Cal. Code Regs. § 18424.2.  
\(^7\) 2 Cal. Code Regs., § 18424.3; see also 26 U.S.C. § 4966(d)(2) for definition of a donor advised fund.  
(b) The lead agency must submit, in an electronic form, all proposed CEQA documents, including draft EIRs, proposed negative declarations, proposed mitigated negative declarations, and notices of completion to the State Clearinghouse via the CEQA Submit program.\textsuperscript{10}

(c) The lead agency must also post all draft and final EIRs, negative declarations, or mitigated negative declarations on its website, if it has one.\textsuperscript{11}

2. Public Review Periods

(a) When a state agency is the lead agency, a responsible agency, or a trustee agency, or otherwise has jurisdiction over a proposed project, the draft EIR must be submitted and posted on CEQA Submit for a 45-day review period.

(b) When a state agency is the lead agency, a responsible agency, or a trustee agency, or otherwise has jurisdiction over a proposed project, the proposed negative declaration or proposed mitigated negative declaration must be submitted and posted on CEQA Submit for a 30-day review period.\textsuperscript{12}

3. Public Notice

(a) A lead agency must give public notice prior to a meeting at which it is considering adoption of an EIR, a Master EIR, or a negative declaration by the usual measures (mail to interested parties, and publication, posting, or mailing) and by posting it on the lead agency’s website.\textsuperscript{13} (Note: a website appears to be a requirement under this statute).

(b) Local agency NOPs, notices of scoping meetings, notices of availability for review, notices of completion, and notices of determination ("NODs") must also be posted on the agency’s website, if it has one.\textsuperscript{14}

(c) Local lead agency NODs will be required to be filed electronically with the county clerk if that option is offered by the county clerk, and county clerks will now have the option of posting the NODs on their internet websites (in addition to the existing in-office posting option).\textsuperscript{15}

\textsuperscript{13}Pub. Res. Code § 21092(b)(3).
\textsuperscript{14}Pub. Res. Code §§ 21092.2, 21152. All public agencies are required to have websites, unless certain exceptions are met. If the public agency does not have a website, it must annually adopt a resolution with required findings of hardship.
\textsuperscript{15}Pub. Res. Code §§ 21152(c), (d).
In sum, all local agencies should self-register soon with the State Clearinghouse on CEQA Submit at https://ceqasubmit.opr.ca.gov/ if they anticipate being the lead agency for any CEQA projects in 2022. Local lead agencies should be prepared to submit and post all major CEQA documents to the State Clearinghouse on CEQA Submit, and also the local agency’s website (if one exists). Notices of exemption are still optional to file at the State Clearinghouse, but we recommend doing so in an abundance of caution.

D. Changes to Proposition 218 – SB 323

Beginning on January 1, 2022, a challenge to new or increased California water or sewer rates must be brought within 120 days pursuant to Senate Bill 323 (“SB 323”). Any action pursuant to this bill must be brought under California’s validation statutes, except that the 120-day statute of limitations will apply instead of the 60-day statute of limitations under the validation statutes. SB 323 provides a valuable time limit to actions involving a water or sewer agency’s water service fees and charges, which in the past have been challenged up to four years after implementation.

The 120-day statute of limitations begins on the effective date or the date of final passage, adoption, or approval of the ordinance, resolution, or motion, whichever is later. The statute of limitations does not apply to challenges arising from billing errors, or due to the defective implementation of an ordinance, resolution, or motion adopting, modifying, or amending a fee or charge for water or sewer service. It also does not apply where there is another statute that establishes more specific times or procedures for challenging water or sewer service rates.

In addition, when mailing written notices to the record owners of parcels affected by a proposed fee or charge pursuant to Proposition 218 (“Prop 218”) or Proposition 26 (“Prop 26”), water and sewer agencies must include a statement that there is a 120-day statute of limitations for challenging any new, increased, or extended fee or charge.

The Board’s Strategic Planning Ad-Hoc Committee recommends approval of the updated agency’s Core Values, Mission and Vision statement.

Background

At the September 22, 2021, the Board created an ad-hoc committee composed of Commissioner Amy Arambula, Andrea Reyes, James Martinez, Jimi Rodgers, Oliver Baines and Board Chair Linda Hayes to go through a series of sessions over three months which also included a number of full Board discussions to develop the agency’s Core Values, Vision and Mission. Below are the Core Values, Mission and Vision statement finalized by the Ad-Hoc Committee on January 20, 2022 for full Board consideration:

We Value:
- Working together to accelerate change.
- Centering our work around equity and inclusion.
- Trustworthiness and transparency.
- The community’s voice and direction.
- Empathy, compassion, and the human connection.

Mission Statement:
- We fight to end poverty

Vision statement:
- A strong Fresno County where people have resources to shape their future free from poverty.

Fiscal Impact

None.

Conclusion

If approved by the Board, this will form the foundation for the strategic planning process in which staff will continue to engage the community, Fresno EOC staff and the Board of Commissioners to develop the 2022 – 2025 Strategic Plan for Fresno EOC.
Background

The information presented below is intended to inform the Board of Fresno EOC’s advocacy work as well as public policy issues that may impact the Agency and the people we serve.

Advocacy

Renter’s Tax Credit - Fresno EOC is supporting a state bill intending to increase the renter’s tax credit to $1,000 for both single and joint tax filers. Currently, the renter’s tax credit is set at $60 for single filers with an adjusted gross income (AGI) of $43,533 or less and $120 for joint filers with an AGI of $87,066 or less. The renter’s tax credit has not been adjusted since 1979.

U.S. Economic Development Administration Reauthorization – The Senate Committee on Environment and Public Works is working on the reauthorization of the U.S. Economic Development Administration (EDA). Senator Alex Padilla is a member of the Committee, and his office invited Fresno EOC to submit feedback on the EDA and its programs. With input from Access Plus Capital, we provided comments about the EDA’s Revolving Loan Fund (RLF) Program highlighting the need for increased flexibility of the RLF Program and allowing funds to be used for lending support and technical assistance.

Community Services Block Grant (CSBG) Reauthorization – H.R. 5129, the CSBG Modernization Act, would reauthorize CSBG for 10 years at an increased annual level of $1 billion for the first five years. The bill may be considered by the House Education and Labor Committee next month. Emilia Reyes met with the offices of Representatives Jim Costa and David Valadao and Senators Dianne Feinstein and Alex Padilla to express Fresno EOC’s strong support for the bill. Representatives Costa and Valadao have both cosponsored the legislation. The bill is expected to be introduced in the senate within the next couple of months.

Letter to U.S. Dep. of Health and Human Services (HHS) re: home heating costs – We contacted our federal lawmakers and asked them to join in signing a bicameral letter to HHS Secretary Xavier Becerra. The letter urged HHS to prepare for the spike in heating
costs and provide Congress with more information on the Department’s efforts to lower home heating costs during this current energy crisis. Increased cost of home heating means the purchasing power of funding from Low-Income Home Energy Assistance Program (LIHEAP) could drop by as much as 30%. Congressman Jim Costa and Senator Dianne Feinstein both signed on the letter.

**Advance Peace Funding Updates**– On December 9, 2021, the City of Fresno awarded Advance Peace $950,000. The funding is from the city’s allotment of federal American Rescue Plan Act dollars. Also, Fresno EOC’s Community Project Funding Request for Advance Peace submitted to Congressman Jim Costa’s office for $300,000 is still pending. Congress passed a Continuing Resolution (CR) on December 3, 2021, to fund the government through February 18, 2022. There is a chance Congress may pass an additional short-term CR and an omnibus may follow. If an omnibus is passed, it would likely include the funding for Advance Peace.

**USDA Equity Commission** – Fresno EOC’s CEO, Emilia Reyes, applied to be a member of the United States Department of Agriculture’s (USDA) Equity Commission. The Equity Commission will identify USDA programs, policies, systems, structures, and practices contributing to barriers to inclusion or access. Reyes received letters from Chair Linda Hayes, Congressman Jim Costa, Supervisor Brian Pacheco, and former Mayor Ashley Swearengin in support of her application. We expect to find out if Reyes has been selected to serve on the Equity Commission within the next week or two.

**Public Policy Updates**

**Governor’s Budget** – On January 10, 2022, Governor Newsom released his proposed budget. Newsom’s budget projects a surplus of $45.7 billion, which includes $20.6 billion for discretionary purposes. Link to the full budget summary: [https://www.ebudget.ca.gov/FullBudgetSummary.pdf](https://www.ebudget.ca.gov/FullBudgetSummary.pdf)

**Build Back Better** – The Build Back Better Act $2 trillion spending bill which aims to address poverty in the United States, passed the House of Representatives on November 19, 2021. There was hope the bill would be passed in the Senate by the end of 2021, but negotiations between Congress and White House have stalled. It is still to be determined if and when the Senate will vote on the Build Back Better Act.

**Additional Updates**

**Special Election for 22nd Congressional District** – Devin Nunes officially resigned from Congress, effective January 1, 2022. Governor Newsom has called for a special election for the 22nd Congressional District to be on June 7, 2022. June 7 is also the statewide primary election day, so voters in the 22nd Congressional District will be voting for someone to replace Nunes while also voting in the top two candidates for the newly drawn congressional district. The primary for the special election will be held on April 5, 2022. The declared candidates for the 22nd Congressional District include Nathan Magsig, Elizabeth Heng, Phil Arballo, Lourin Hubbard, and Eric Garcia.
Redistricting - California’s redistricting process is complete, and the state lost one congressional seat, going from 53 to 52 congressional districts. Fresno County will be represented by the 5th, 13th, 20th, and 21st congressional districts, the 8th, 27th, 31st, and 33rd assembly districts, and the 12th, 14th, and 16th senate districts.

Guadalupe Zuniga, Home Base Services Manager, informed Representatives of the Early Head Start/Head Start Program School Readiness Goals 2021-2022 Draft. This information was sent to Representatives prior to tonight’s meeting.

Head Start Program Performance Standard Achieving program goals, 45 CFR§1302.102(a)(3), requires all agencies to establish school readiness goals. They are defined as “the expectations of children’s status and progress across domains of language and literacy development, cognition and general knowledge, approaches to learning, physical well-being and motor development, and social and emotional development that will improve readiness for kindergarten goals” in Terms, 45 CFR§1305.2.

Each agency must use the five domains, represented by the central domains of the Framework, as the basis for school readiness goals. They consist of:

- Approaches to Learning
- Social and Emotional Development
- Language and Literacy
- Cognition
- Perceptual, Motor and Physical Development

Agencies need to articulate that their goals appropriately reflect the ages of children participating in the program, the curriculum and child assessments(s) address or align with the program’s established goals and demonstrate that parents were involved in the development of the goals.

On October 1, 2021, Head Start 0 to 5 staff, parents and partners used the aggregated data from Child Care Results (CCR) Analytics to review and establish school readiness goals for the 2021-2022 program year.
