16. NEXT MEETING:
   Friday, April 16, 2021 at 4:30p.m.

17. ADJOURNMENT
Background
The information presented below is intended to keep the Board apprised of rapidly changing local, state, and national issues relevant to our agency.

Local
The long-anticipated move into the red tier has finally happened for Fresno County, precipitating the reopening of schools and businesses. While the pandemic is still not over, rising vaccination rates have contributed to lessening the infection rates in the county.

Assistance
The City and County of Fresno are starting rental assistance programs with the recently approved federal funds. The funds target landlords who have to agree to certain provisions in order to receive back rent.

The County of Fresno is also using some of its CDBG funds to provide assistance to eligible utility bills in 6 communities (Fowler, Kerman, Kingsburg, Mendota, Reedley, Selma) and unincorporated areas of Fresno County. Fresno EOC is responsible for processing payments up to $600 per eligible household directly to the utility.

Schools
The majority of Fresno County schools have reopened with limited capacity and abiding by CDC recommendations to ensure the safety of children and staff.

State
The State is expanding vaccine eligibility. Californians 50 years and older can get vaccinated as of April 1, and 16 year-olds and over can start getting vaccines on the 15th.
Federal

The White House on April 1 announced the COVID-19 Community Corps as part of the “We Can Do This” initiative. The purpose of the Corps is to engage local leaders in campaigns to educate and encourage participation in vaccination efforts within their communities. Fresno EOC signed on to this initiative.

Senator Padilla
As part of the Corps Network National Hill Day on March 18, LCC Director Shawn Riggins met with staff from Senator Padilla’s office, including Rebecca Kahn, who handles labor and HHS, and Sarah Swig, who addresses public lands and environmental issues. The call was in support of the proposed Civilian Climate Corps and the request for a potential carve-out for Corps.

Fresno EOC also participated in a press conference with Senator Padilla and Fellow CAP agency CAPK about Fresno EOC’s work during the pandemic, the increased needs of our community, and the potential benefits of the American Rescue Plan.

Congressman Costa
Following the announcement on February 26 regarding the return of congressional earmarks, further guidelines regarding the “Community Project Funding” have been released. Congressman Costa reached out to us to solicit project ideas for his list. We have worked with his office to submit four requests that are in line with the given criteria: USDA inspection kitchen, Gun Violence Reduction, Universal Basic Income for Youth Offenders, Forestry Corps.

Congressman Costa also spent some time on April 1 with our first in-person VAC cohort since the pandemic started. He shared inspirational stories and took questions from participants. The footage was then sent to media outlets.

Budget
While a budget outline was expected by the end of March, the Biden Administration has yet to submit one to congress. Despite the delay, the House Appropriations Committee is still set on completing all FY2022 appropriations bills by the end of July. This budget will be coming amidst major policy and spending proposals that the administration has put forth.

American Jobs Plan
Unveiled on March 31, the $2.3 trillion dollar infrastructure plan includes funding to repair, replace and enhance our infrastructure, as well as plenty of funds for a range on tangentially related programs spanning transportation, caregiving, manufacturing, housing, schools, amongst other areas. To pay for the investments, the plan proposes tax increases that have already generated opposition from many Republican lawmakers. Some Democrats have criticized the bill for not doing enough to combat climate change. Despite the criticism, House Speaker Nancy Pelosi would like to see the bill passed by July 4.

Since it is expected to not have bipartisan support, it is likely that the legislation will attempt to be passed using the budget reconciliation process, requiring only 51 votes in the Senate. This will further exacerbate the divide between Republicans and Democrats.

The following excerpt from NCAF’s advocacy email details areas of investment included in The American Jobs Plan:

- $111 billion for water infrastructure;
  - $56 billion in grants, loans to states, tribes, and disadvantaged communities to improve water systems
- $45 billion to replace all lead water pipes nationwide, including at 400,000 schools and child care facilities
- $10 billion to monitor and remediate contamination by PFAS—often called “forever chemicals”—and for rural water systems
- $100 billion to make broadband access universal;
  - Includes short-term subsidies for low-income households
  - Includes steps to make pricing more transparent and increase competition, including by prioritizing support for service providers operated by public entities, nonprofits, and cooperatives
- $100 billion for workforce development programs;
  - $48 billion for workforce development infrastructure and worker protection, including registered apprenticeships for underserved populations
  - $40 billion for a new program to provide services for workers involuntarily unemployed and for training in high-demand sectors such as clean energy, manufacturing, and caregiving
  - $12 billion for job training for women, people of color, and formerly incarcerated individuals
- $400 billion for caregiving for the elderly and those with disabilities;
  - Would expand home and community-based services under Medicaid, including to support more pay and benefits for caregivers
- $213 billion to build and retrofit more than 2 million affordable homes;
  - Providing tax credits, formula funding, grants, and rental assistance to expand affordable housing
  - Offering grants to jurisdictions that take steps to eliminate exclusionary zoning and land use policies
  - Investing $40 billion in public housing infrastructure and $27 billion in clean energy investments, including funding for the Weatherization Assistance Program.

Immigration
Two key immigration bills passed the House on March 18; H.R. 6, the American Dream and Promise Act of 2021, and H.R. 1603, the Farm Workforce Modernization Act. Both bills await Senate approval. With the filibuster still in place, the bills would need 60 votes to move forward, and may have to wait until after the American Jobs Act is voted on.

The first bill would grant a pathway to citizenship for “Dreamers,” Temporary Protected Status recipients, and Deferred Enforced Departure beneficiaries. Several conditions would need to be met before the approximately 4.4 million immigrants that are projected to be eligible would qualify for permanent residence.

The second bill would allow farmworkers and their immediate family to obtain legal status through continued employment in the agricultural sector. It also proposes changes to the H-2A agricultural guest worker program.

WIC Act
One of our legislative priorities, the Wise Investment in our Children Act (WIC Act), was re-introduced with bi-partisan support in both the House and Senate. The WIC ACT would: expand eligibility to age six or the start of kindergarten and extend postpartum eligibility and infant certification periods to two years.
Background

The information presented below is intended to inform the Board of the 2021 grant activities, results, and outcomes through March 31, 2021. A total of 16 grants have been submitted in 2021 and 21 are pending.

CEO REPORT

Background
The information presented below is intended to keep the Board apprised of the Chief Executive Officer and staff’s community involvement on behalf of the Board.

FRESNO EOC AGENCY WIDE EFFORTS

Commissioners One on One
I am still meeting with commissioners one on one. If you haven’t signed up, please contact Elionora Vivanco by email Elionora.Vivanco@fresnoeec.org

Equity and Inclusion Updates
Over the past month, the Equity and Inclusion team has begun working with programs to align their work in Results-Based Accountability (RBA), which calls for accountability to both grantors and the specific needs of the community. We anticipate this will lead to adjustments in the ways programs operate, collect data, and analyze performance to make sure we have the most significant positive impact on the community.

Equity and Inclusion also held two events. In the first, speaker David Villarino spoke on Cesar Chavez Day. He discussed the importance of the labor movement and how that political thought, action, and analysis apply today. In the wake of several acts of violence against the Asian American Pacific Islander (AAPI) community, the Equity and Inclusion team held three open dialogue listening sessions for staff. In these sessions, they could express the emotional, social, and mental tolls the continued violence can have and ways to support each other as an organization. We also discussed our responsibility in addressing/responding to these instances of violence.

Head Start 0 to 5 Compliance
Agency win and great news! Head Start is no longer in a corrective action plan and is officially in compliance based on Office of Head Start performance and compliance standards. This is a significant win as it has implications for other programs such as Food Services, Health Services and accounts for over half of our agency staff. Thanks to our Head Start leadership team, finance team, and Board of Commissioners!
FRESNO EOC Donation update

Cubicles for Foster Grandparents
Green Standards donated two full cubicles for the Foster Grandparents program. These cubicles are for staff as their worksite moves to the Local Conservation Corps. Recently the program has helped seniors get more acquainted with technology, and now grandparents can spend more time reading to Head Start 0 – 5 classrooms over Zoom.

COMMUNITY WIDE EFFORTS

Advance Peace Fresno
Advance Peace Fresno had national training in Las Vegas during the second week of April. We are scheduled to meet with Mayor Jerry Dyer and Council Member Tyler Maxwell to discuss plans with the Advance Peace Fresno program. We continue to make the news and recruit new change agents (i.e., mentors/life coaches) who greatly expand their worldview while connecting them to social services and job opportunities. One of these "change agents" is Fresno's well-known rapper, Syrup (Roger Brown), who is making an impact on gang members by giving them a channel through which they can express their pain without violence: Mentions: Fresno Bee

Berkeley study reports models like Advance Peace save lives and save taxpayers millions. Mentions: Berkeley News, CBS SF Bay Area

AB 1223 is a tax proposed on firearms, ammunition sales. The national affiliate, Advance Peace, is one of the organizations supporting AB 1223. Mentions: Assemblymember Marc Levine Press Release

Community Health Center featured in a new report
The Community Health Center was recently featured in Testing.com's new report as one of the best community-based STD prevention and treatment organizations in Fresno. The report features organizations that are a vital first line of defense in the fight against STDs and HIV/AIDS. They generate awareness and foster social change while providing access to education, testing, and treatment. This report's promotion also includes a national press release featuring the Community Health Center and other resources listed. Click here to view the report.

COVID-19 Vaccinations
More and more people are being vaccinated every day, and our community's health is improving. Vaccinations are in full swing, and we have had a total of 6,788 vaccinations administered at 25 vaccination events. This month, we have 719 in-process registrations. Anthony Bailey shared his experience receiving his first COVID-19 shot, part one of two of the COVID-19 vaccination. He mentions how easy the process was with the African American Coalition. We hope his story will help motivated others to get vaccinated. Mentions: KSEE 24
COVID-19 Equity/Testing Tuesdays
Testing Tuesday is on hold while we are ramping up our vaccination clinics. More to come!

Fresno Road Tax
Our very own Board Chair, Linda Hayes, will be part of the executive committee to determine how much Fresno Road Tax should be, the length of the Measure C extension, and transportation projects. Hayes will be one of the two representatives of community-based organizations. Mentions: GV Wire

Healthy Harvest/Cosecha Sana
To date, we have received over 1,000 calls, and 97% of those have been for in-home quarantine support or rental assistance. As you know, on February 22, 2021, the Legislature passed Assembly Bill (AB) 85. This bill is an immediate action budget bill that provided an expansion of state funding for counties to offer wraparound services (including financial assistance) to agricultural workers self-isolating in hotels and those who choose to self-isolate or quarantine in their homes. Despite training for the county tracking system still being in progress with DPH, clients' financial assistance will begin the week of April 12. Clients who have tested positive or exposed within 30 days of contacting the agency are eligible.

Heather Brown to Serve on Girl Scouts Board
Our Chief Administrative Officer, Heather Brown, has been asked to sit on the board of Girl Scouts of Central California South.

HerStory Fresno State Forum
I had the opportunity to speak to students about how challenges growing up have led her to be the leader she is today and encouraged young women to work for the community's betterment and pursue leadership opportunities.

Juvenile Justice Coordinating Council (Meeting is April 13)
I have been selected to be on the Juvenile Justice Coordinating Council. The council's goal is to develop a plan for facilities, programs, placements, services, supervision, and reentry strategies needed to provide appropriate rehabilitation and supervision services for Fresno County juveniles. This plan will support the community's effort to address public safety while also empowering youth and improving the outcomes of those who find themselves in the juvenile justice system. The subcommittee has a vital role in reimagining Fresno County's model of youth justice.

LGBTQ+ Resource Center makes history with Transgender Day of Visibility
The local transgender community received a historic acknowledgment from Fresno City Council on Thursday with a Transgender Day of Visibility proclamation to occur in Fresno every year on April 8. Our LGBTQ+ Resource Center, Trans-e-Motion, spearheaded this effort, and Councilmember Esmeralda Soria, the proclamation serves as a statement that Fresno is committed to improving the lives of the LGBTQ+ community. Mentions: Hanford Sentinel
Local Conservation Corps recruitment
ABC30 featured our Local Conservation Corps. Michael Novoa, corpsmember, and Patrick Turner from Training and Employment Services shared how LCC prepares youth for various career paths. Mentions: ABC30

Mayor’s Fresno Recovery Committee (Meeting is April 14)
I am serving on the Mayor's Fresno Recovery Committee. This committee is an advisory panel intended to help jump-start Fresno's economy to ensure residents and businesses can safely return to life as before the pandemic within the parameters of community health and safety outlined by the State of California. The committee is to think of long-term ways to build the economy and ensure recovery for the next 12 months and beyond.

Partnering with Fresno Housing Authority
We are continuing our partnership with the Housing Authority under HUD's Choice Neighborhood designation in the California Avenue Neighborhood of Southwest Fresno. Fresno Housing and Fresno EOC will work alongside residents and community partners to build a strategy for development and investment within the neighborhood, addressing the need for quality housing, neighborhood revitalization, and a comprehensive strategy providing equitable opportunities for all. Mentions: The Business Journal

Rural Food Express Bus Art Contest
The art contest turned out to be a success with 135 entries from kids throughout Fresno County. After the winners are selected, we will reveal their artwork at a press conference. We will release more details soon.

Transit Systems in the News
You might have noticed our Transit Systems is in the news for the last few months for providing transportation for participants to receive COVID-19 vaccinations. Recently hundreds of cars lined up at a new vaccine center at Fresno City College. Fresno EOC's Transit Systems Program offered free shuttle services to and from the site for those unable to drive to get the COVID-19 vaccine. Mentions: ABC30

U.S. Senator Alex Padilla Discussion
U.S. Senator Alex Padilla hosted a discussion with Fresno EOC and Community Action Partnership of Kern to discuss the American Rescue Plan's impact on children and families in the Central Valley. The plan provides urgent COVID-19 relief – including direct checks for struggling families, increased Child Tax Credit benefits, and funding for nutrition assistance, housing, and homelessness. Mentions: The Sun

VAC hosts CEO and Congressman Jim Costa
I had the opportunity to share my story about finding courage and putting my fear aside with VAC participants. Earlier this month, Congressman Jim Costa also had an uplifting message for those in the cohort. Costa shared his support for job training opportunities in the Central Valley and discussed President Biden’s American Jobs Plan.
Thank You to Our Partners
With our initiatives, we are making progress in discovering service gaps, and with everyone's help, we will continue to listen and lift unheard voices in our community. By working together, we can continue the fight against injustice and poverty.
